# I. Inclusion Rules for Accountability Reports

## **Assessment Content and Grade Levels by Data and Report Year**

The annual published accountability reports Adequate Yearly Progress (AYP), School and District Report Card (RC) and Assessment Group Reports (AGR) use the Oregon Assessment Knowledge and Skills (OAKS) data to provide two measures of accountability: participation and academic performance status for the content and grades listed in Table 1.

**Table 1 Test Inclusion Rules in Accountability Reports by Report Year**

### ***Inclusion Rules for Participation Rate***

Districts and schools are expected to account for the participation of all students by having a valid test score or a test administration code that explains the lack of a test score for the student on all students enrolled in the school or district at grades 3, 4, 5, 6, 7, 8, and 10 on the first school day in May for which public funds are expended for the education of the student.

The inclusion rules for calculating the participation rate are the same as for the past three years. (See Table 2 below.)

**Table 2 Inclusion for Participation Rates**

Accountability Report	Students included in participation rate calculation
AYP*	Reported as enrolled on 1 <sup>st</sup> School day in May
Report Card	Reported as enrolled on 1 <sup>st</sup> School day in May
Assessment Group Reports	Reported as enrolled on 1 <sup>st</sup> School day in May

\* - Two Years of data

A student is expected to participate in all required state tests that assess the content areas in which the student received instruction paid for by public funds. This includes registered home schooled students, privately schooled students, tuitioned students or any other students who

are exempted from compulsory school attendance, and who are attending public schools or programs part time, if the student is claimed by any district for the equivalent ADM and the student received instruction provided by the district in the state content standards during the current school year. There are a few exceptions:

- (1) Students enrolled in grade 10 that met the high school standard in prior years:
  - a. Scores of grade 9 students who tested and met or exceeded the standard in the previous school year will be included in participation and performance calculations as valid test scores for the current school year. Because these students were in high school when attempting the high school assessment, they will be counted among participants during their 10<sup>th</sup> grade year.
  - b. Scores of grade 10 students who tested and met or exceeded the standard in the previous school year and are repeating grade 10 in the current school year will be counted as valid test scores for the current school year.
  - c. Scores of grade 8 students who “target up” to the high school test and met or exceeded the standard two years prior to the current school year will be counted as valid test scores for the 10<sup>th</sup> grade school year in the school and district where the student is reported as enrolled on the first school day in May of the 10<sup>th</sup> grade year. Under NCLB, students are required to attempt their grade level assessment to be included among participants. When the student targets up, the score may be “banked” for inclusion in future AYP reports. This means that students who target up, taking the high school test in 8<sup>th</sup> grade, must still attempt the 8<sup>th</sup> grade assessment that same year. Students who do not take the 8<sup>th</sup> grade assessment will be counted as non-participants. See <http://www.ode.state.or.us/apps/faqs/index.aspx?=111>.
- (2) Registered home schooled students, private school students, tuitioned students and students attending public or private alternative programs part time that are not claimed by any district for ADM or did not receive instruction from the district in the state content standards during the current school year assessed by a required state test. Test scores or virtual records indicating non-participation from these students are excluded from accountability reports by marking the student’s test record in Student Staging with an Administration Code of 6. Note: Any student may request to participate in state tests. The scores of registered home schooled, private school students, or tuitioned students for whom any district does not claim or receive ADM are excluded from a district’s assessment, AYP, or report card calculations or reports when the student’s test record in Student Staging is marked with an Administration Code of 6.
- (3) Foreign exchange students attending school in the United States for the first time after the first school day in May, 2009. Test scores from these students or virtual records indicating non-participation are excluded from accountability reports by marking the student’s test record in Student Staging with an Administration Code of 6.
- (4) Limited English Proficient (LEP) students during their first year of enrollment in U.S. schools may participate in the state’s language arts assessments, but are not required to do so. LEP students during their first year of enrollment in U.S. schools (enrolling after the first school day in May, 2009) who take an English Language Proficiency Assessment will be counted as participating in the reading and writing assessments. LEP students during their first year of enrollment in U.S. schools are required to participate in the state’s mathematics and science assessments.

A detailed list of the inclusion rules by test type for participation and performance can be found below in Table 3.

<sup>(1)</sup> Inclusion rules were changed in 2006-07 school year. See Executive Memorandum 004-2006-07, <http://www.ode.state.or.us/news/announcements/announcement.aspx?=1698>.

- (2) No longer an assessment option.
- (3) The percentage of extended assessment that meet the alternative achievement standards that can be included in the percentage of tests meeting standard is limited to 1% at the district level [Title I Final regulations section 200.13 as amended December 9, 2003]. For the purpose of determining AYP, the state must ensure that districts reclassify proficient scores above the 1% cap to count as non-proficient when the 1% cap is exceeded by a district. To account for small numbers of students in very small districts, reclassification of proficient test scores as non-proficient will not occur unless the number of test scores in the district meeting the alternative assessment standards exceeds four.
- (4) NCLB allows states to offer students who are not proficient in English the opportunity to be tested in their native language in reading or English Language Arts for up to five years. These tests must be in a language and form most likely to yield accurate data about what such students know and can do in academic content areas (Section 1111(b)(3)(C)(ix-x)).

Students who are eligible are those who 1) have been educated in the United States for three or fewer consecutive years and 2) have not yet reached a sufficient level of English language proficiency such that being tested in English would produce a valid and reliable score.

After three years, a district may determine on a case-by-case basis that a student has not yet reached a level of English language proficiency sufficient to yield valid and reliable information on what such a student knows and can do on the English version of the reading or English language arts tests. At that time, the student may continue to respond in their native language for up to an additional two years.

In Oregon, eligible students are students reported in the NCLB English Language Proficiency Collection who are not proficient in English and enrolled in a U.S. school after May 1 of the fifth school year prior to the current school year. Test records for these students are marked with a "B" or "Y" in the Limited English Proficient Field (AYP\_LEP). Eligible assessments include Spanish reading offered by the State at grade 3, writing responses in Spanish or writing responses in the student's native language that are submitted by the district as part of the State's juried assessment process. Tests from eligible students that meet the standard are included as meeting standard in report card, AYP and reports of statewide assessment results (unless the student is a first year LEP student, in which case the results are excluded from the calculation of the percentage of students meeting standard in accountability reports). Tests from ineligible students are considered modifications and are included as non-participants in accountability reports, report cards, and reports of statewide assessment results and are excluded from the calculation of the percentage of students meeting standard.

- (5) Under NCLB, students are required to attempt their grade level assessment to be included among participants when the student targets up to a test for which the score may be "banked" for inclusion in future AYP reports. This means that students who target up, taking the high school test in 8<sup>th</sup> grade must still attempt the 8<sup>th</sup> grade assessment that same year. Students who do not take the 8<sup>th</sup> grade assessment will be counted as non-participants beginning in 2006-07; all students targeting up must meet the standard for the test attempted in order to be counted as meeting standard in accountability reports.
- (6) To receive full approval of its assessment system from the U.S. Department of Education, the use of Aprenda for AYP and Report Card was suspended in 2008-2009 until Oregon provided evidence that the assessment was comparable to its English reading assessment. In 2009-10, ODE offered a new online 3<sup>rd</sup> grade Spanish reading assessment through the OAKS Online System, which is pending approval by the U.S. Department of Education in the summer 2010. If approved, the students' results on the 3<sup>rd</sup> grade OAKS Spanish reading assessment may be used to meet accountability requirements. However, to ensure that students are counted for accountability purposes, districts must ensure that students taking the 3<sup>rd</sup> grade OAKS Spanish reading assessment also take the OAKS English reading assessment. Those who do not take the OAKS English reading assessment (except for LEP students who take the ELPA and are enrolled for the first time in the United States) may be counted as non-participants in all 2009-10 accountability reports.

## ***Inclusion Rules for Calculating the Students Meeting Standard***

The inclusion rules for calculating the percentage of students meeting standard remain the same for school year 2009-10 as listed in Table 4.

**Table 4 Inclusion for Meeting Academic Assessment Standards**

<b>Accountability Report</b>	<b>Students included in calculating percentage of students meeting standard</b>

Report Card	Enrolled on 1 <sup>st</sup> school day in May for a full academic year.
Assessment Group Reports	Enrolled on 1 <sup>st</sup> school day in May

### ***Students excluded from the calculation of students meeting standard***

*Home Schooled/Private Schooled students* may request to participate in state tests. Test scores of registered home schooled, private school students, or tuitioned students for whom any district does not claim or receive ADM are excluded from accountability reports when the student's test record in Student Staging is marked by the district with an Administration Code of 6.

*Foreign exchange students* enrolling in school in the United States for the first time after the first school day in May, 2009. Test scores from these students are excluded from accountability reports when the student's test record in Student Staging is marked by the district with an Administration Code of 6.

The scores of *Beginning LEP students* during their first year of enrollment in U.S. schools (after the first school day in May, 2009) who take state assessments are excluded from the calculation of the percentage of students meeting standard in all accountability reports. Test records for these students are marked with a "B" (beginning year LEP with English Language Proficiency Assessment (ELPA)) or "A" (beginning year LEP without an ELPA) in the Limited English Proficient field (AYP\_LEP) based on information provided by the district in the NCLB English Language Proficiency Collection. Test scores with a "B" or "A" in the LEP field are excluded from the calculation of the percentage of students meeting standard in accountability reports. More detailed information related to LEP students can be found in Table 9.

## ***Inclusion of Students in District Special Education Programs***

In the Third Period Cumulative ADM Collection, districts identify students enrolled in schools that are placed in district-wide special education programs. The assessment results and attendance for students served by district special education programs are excluded from the calculations for determining if a school met AYP. The district is still accountable for the attendance and performance of these students, and the scores are included in the district's AYP determination, report card, and reports of statewide assessment results.

Students with disabilities who are instructed in a general education setting, regular classroom and/or resource room, for 40% of their time or more are included in the school accountability reports with other students in the same grade, class, and school. These are students who are reported on the December Special Education Child Count (SECC) in the special education federal placement categories of

- “instruction in regular classes” (including special education and related services instruction and support provided in a resource room for less than 21% of the student’s instructional day) [Federal Placement Code = 30] or
- “instruction in regular class, with resource room support” (including special education and related services instruction and support provided in a resource room environment for 21-60% of the student’s instructional day) [Federal Placement Code = 31].

Students with disabilities who are instructed in a general education classroom for less than 40% of their time will be included only in district accountability reports (district = district of residence). These are students who are reported in one of the following district special education placements [Federal Placement Code = 32 or higher]: separate class (placement in which students are served more than 60% of their school day away from the general education classroom environment); special schools (including public and private residential and day placements); hospitals and institutions; and homebound (not home schooled).

## II. Test Validity and Highest Test Score

### Determining a Valid Test

Test administration is considered when determining if a test is valid. Table 5 identifies test administration codes (CalcAdminCd) related to the student, and Table 6 identifies situations related to testing errors and its impact on participation or performance calculations.

**Table 5 Non-Participants Identified by Test Administration Codes**

Administration Code (CalcAdminCd)	Definition	Participation Indicator	Performance Test Score
1	Absent (for an extended period of time) or Student Refusal = A student who is absent during the entire testing window and make-up testing period.	Non-participant	Not used
3	Modified – Language = A student who is non-literate in the language of the test and participates in the assessment under modified conditions.	Non-participant	Not used
5	Modified – Disability = A student with a disability who participates in the assessment under modified conditions.	Non-participant	Not used
6	Home Schooled Student, Foreign Exchange Student or an Out-of-State student	Not used	Not used
7	Parent Request = A student whose parents request that the student not participate in testing for religious or disability related reasons.	Non-participant	Not used
8	Not Enrolled During Test Window = A student without a valid test score that was enrolled on the first school day in May but not during the school's testing window.	Not used	Not used
9	Medical Emergency = A student who cannot take the State assessment during the entire testing window, including the make-up dates, because of a significant medical emergency.	Not used	Not used

**Table 6 Handling of Test Administration Errors**

Situation	Effect on Accountability for Performance	Effect on Accountability for Participation	ODE action on test record (i.e. invalidate or delete)
The test was administered in a manner that is inconsistent with parent request for refusal or request for a specific mode (i.e. paper or Online).	Excluded	Non-participation if no other test	Set TstValidFg to 'N'
The test was administered in a manner that is inconsistent with a student's IEP (or lack thereof)	Excluded	Non-participation if no other test	Set TstValidFg to 'N'
The test was compromised by a teacher/administrator	Excluded	Non-participation if no other test	Set TstValidFg to 'N'
The test was compromised by a student	Excluded	Non-participation if no other test	Set TstValidFg to 'N'
Test not presented in a valid manner (e.g., Online display issues)	Excluded	Non-participation if no other test	Set TstValidFg to 'N'
Test scored incorrectly	Included (with rescore where possible)	Counts for participation	None
Student refused to complete test (at least 5 responses on Online test or at least 10 on paper test)	Excluded	Non-participation if no other test	Set TstValidFg to 'N'
Student took wrong test	Excluded	Non-participation if no other test	Set TstValidFg to 'N'

Other factors also contribute to the determination of a valid test, such as whether the writing response was scorable and not off-topic or blank. Students may take the reading or writing test in Spanish only if the students have been in an LEP program for less than 5 years. (See Table 11.)

### ***Determining a Student's Highest Test Score***

Many students attempt multiple state assessments in the same subject during a single school year. For reporting purposes, the Department of Education must determine the highest test score the student (SSIDBestScore) the student has earned in each content area. This highest score is included in calculations for the school in which the student was enrolled on the first school day in May regardless of the school of enrollment when the test was administered. The algorithm for determining this highest score is included in Table 7 below.

The goal in assigning the highest test score is to arrive at a valid decision regarding student performance. With that goal in mind, each test is first evaluated to determine that it meets the attemptedness criteria (at least 10 responses if paper and pencil, at least 5 responses if Online, scorable if in writing). After identifying all complete attempts on the part of the student, the outcome of each is evaluated to determine which score represents the student's highest.

Each score is checked for the administration type. Those scores representing Online or paper and pencil tests are considered higher than scores from extended assessments.

This is followed by a check of the student's grade of enrollment. For students who were enrolled in two different grades during the current school year, the grade of enrollment will determine the performance standards used with the student's score.

All remaining test scores at the enrolled grade level are evaluated against performance standards with the highest performance level being credited to the student and school. If a student has multiple scores at the same performance level, the highest score within that performance level is designated the student's highest score.

## Table 7 Highest Test Score Resolution Rules – Determining a Student’s Best Score

Rules for selecting highest score per student per subject is indicated by the data field called SSIDBestScore.

Oregon Department of Education (ODE) is setting

SSIDBestScore = "Y" for "Best Score" for each student as identified by a unique SSID using the following rank order criteria: [NOTE: Data field names are based on “Adjustments” download file format]

I. Valid Test Rank Order

1. TSTVALIDFG = "Y"
2. TSTVALIDFG = "V" (Virtual record)
3. TSTVALIDFG = "N"

For test records where TSTVALIDFG = "Y"

II. Assessments of the Academic Achievement and Alternate Achievement Standards

1. SRTTSTTYP = "T" or "P" (Online, Paper Pencil)
2. SRTTSTTYP = "X" (alternate standard Extended Assessment indicator)

III. Enrolled Grade of Student (applies only to students enrolled at two different grades during the current school year)

- |   |                     |
|---|---------------------|
| 1. ENRLGRADE = ('12', '11', '10', '09') | 5. ENRLGRADE = '05' |
| 2. ENRLGRADE = '08'                     | 6. ENRLGRADE = '04' |
| 3. ENRLGRADE = '07'                     | 7. ENRLGRADE = '03' |
| 4. ENRLGRADE = '06'                     |                     |

IV. Target up (When enrolled grade = '08' only)

1. CHALLENGE is blank
2. CHALLENGE = 'H'

V. Performance Level Rank Order

- |                 |   |
|-----------------|---|
| 1. PL5G_TOT = 5 | 4. PL5G_TOT = 2                             |
| 2. PL5G_TOT = 4 | 5. PL5G_TOT = 1                             |
| 3. PL5G_TOT = 3 | 6. PL5G_TOT = 0 (defined as not applicable) |

VI. Score Rank Order

- \* For TESTSUBJ = RL, MA, SC, SS - use highest RIT\_TOT numeric score
- \* For TESTSUBJ =WR - use highest composite TotCompScoreGrd numeric score for the Student's Grade level, where LANGUAGE <> S

NOTE: Score Rank Order only applies to the following test types, since other test types do not have numeric scores available: SRTTSTTYP = "P" (paper-pencil) and "T" (Online)

VII. Latest Test Rank Order

1. TSTDT

VIII. Latest Test Event Identifier number

1. Highest "First 8 numbers of PADMID text data field"

### **ADDITIONAL NOTES:**

Virtual records

- Virtual records (TSTVALIDFG = "V") are created for any student who does not have a valid test score. This includes students not completing tests or taking modified administrations of assessments.

Attemptedness and invalid tests:

- Partial tests (TSTATMPTFG = 'P') are 1 to 4 responses on Online tests and 1 – 9 responses on paper and pencil tests. Partial tests have insufficient responses to score and are invalid tests (TSTVALIDFG = N).
- Non-attempts (TSTATMPTFG = 'N') are invalid tests (TSTVALIDFG = N).
- Other tests considered as invalid tests (TSTVALIDFG = N) include below the enrolled grade of the student (target down), modified test administrations, native language responses from ineligible LEP students, non-scorable writing responses, and invalid test administrations.

Target Up

- 8<sup>th</sup> grade students must be assessed at grade level and the results reported to parents. The scores of 8<sup>th</sup> grade students who target up and meet the high school standard will be eligible for identification and reporting as the highest score of the student when the student enrolls in 10<sup>th</sup> grade.

### **III. Assigning the Highest Score to a District for Inclusion in Accountability Reports**

---

Inclusion of student test results in school and district accountability reports is based on all students enrolled in the school or district at grades 3, 4, 5, 6, 7, 8, and 10 on the first school day in May for which public funds are expended for the education of the student. The highest score earned by a student during the school year, no matter where the student was enrolled when tested, is assigned to the school and district of enrollment of the student on the first school day in May.

#### ***Non-Participation Virtual Records***

ODE generates a “virtual” test record for any student reported as enrolled at grades 3, 4, 5, 6, 7, 8, and 10 on the first school day in May if there is no valid test score posted in Student Staging for the student during the school year. These students are generally counted as non-participants in accountability reports (see Section III).

#### ***Accountable Resident District and School***

Districts report the resident school and district of students on the first school day in May in the Third Period Cumulative ADM Collection. The resident district and school of the student is the district and school responsible for the education of the student and for which public funds are expended for the education of the student. The resident district and school of the student may not be the same as the district and school in which the student receives his or her education (the attending district and attending school). The resident district and school of the student identified in this collection is where the student’s highest score is assigned for inclusion in accountability reports. The May 1 (ParticSchInstID) school and May 1 (ParticDistInstID) district are noted on test records. The resident school and district on test records is the school and district in which the student was a resident when the test was taken. Note that the Federal Educational Rights and Privacy Act (FERPA) prohibits the state from electronically transferring assessment results between school districts when students move.

As noted in Section III, the inclusion of test results in the calculation of the percentage of students meeting standard for report card or AYP determinations is dependent on whether the student was enrolled for a full academic year in the school or district. Oregon’s definition of a “full academic year” is enrollment in a school or district for more than one half of the instructional days in the school or district prior to the first school day in May. (Note: the number of days enrolled does not have to be consecutive. Enrollment may be part time or full time.)

Table 8 shows some example scenarios of students moving between districts and the application of the inclusion rules described in the next section.

District A	9/1/2009	Y	Out of state	4/15/2010	N	None	None

\* Performance is credited to neither district for AYP and Report Card if a student is not enrolled for a Full Academic Year. Performance is credited to District B in Assessment Group Reports.

- [\*] RC PERFORMANCE DISTRICT  
RCDistPerf = "Y"  
(Set to "Y" if used in Performance Denominator of a District Report Card)

Report Card includes test records of student enrolled on the first school day in May (as submitted by the district in the Third Period Cumulative ADM collection).

Tests/Enrolled Grades:  
 RL (Grades 03, 04, 05, 06, 07, 08, 10)  
 WR (Grades 04, 07, 10)  
 MA (Grades 03, 04, 05, 06, 07, 08, 10)  
 SC (Grades 05, 08, 10)

Overall rating includes RL, WR, MA, and SC

Determining SSID Best Score:  
 The Highest Resolved Score is the highest passing score from the current year assessments.

The Highest Resolved Score for students enrolled in grade 10 (as reported in the Third Period Cumulative ADM 09-10 Collection) is the highest passing score from current year high school assessments and prior year high school assessments including passing scores from 07-08 as an 8<sup>th</sup> grader and passing scores from 08-09 as a 9<sup>th</sup> grader or 10<sup>th</sup> grader.

(TstValidFg = "V" or "N"  
**and**  
AYP\_LEP = "B"  
**and**  
TestSubj=RL or WR )

### C. Note:

CalcAdminCd = "1" or "3" or "5" or "7" or TstValidFg = "V" will adversely affect Participation rating;  
 CalcAdminCd = "6" or "8" or "9" omitted from denominator and numerator.

### *II. RC School Performance*

- A. Denominator (RCSchIPerf = "Y") where
- 1) (See Participation Numerator for School)  
**and**
  - 2) Exclude AYP\_LEP = "B" or "A"  
(first year LEP with or without ELPA)  
**and**
  - 3) StayInSchl <> "N"  
(include only for enrolled full academic year)

### B. Numerator Calculated

- Use Performance Denominator and
- 1) PLG\_TOT = "M" or "E" (Online or Paper-pencil)
  - 2) PLB\_TOT = "M" or "E" (Extended)

## RC DISTRICT PARTICIPATION & PERFORMANCE

### *I. RC District Participation*

- A. Denominator (RCDistPartic = "Y") where
- 1) SSIDBestScore = Y  
**and**
  - 2) Included in Third Period Cumulative ADM Collection  
**and**
  - 3) CalcAdminCd = blank, "1" or "3" or "5" or "7"  
**and**
  - 4) TstValidFg = "V" (virtual records)  
**OR**  
TstValidFg = "Y" (valid test)

### B. Numerator Calculated where

- 1) (See Participation Denominator for District)  
**and**
- 2) CalcAdminCd = blank  
**and**
- 3) TstValidFg = "Y" (valid test)  
**OR**  
(TstValidFg = "V" or "N"  
**and**  
AYP\_LEP = "B"  
**and**  
TestSubj=RL or WR )

### C. Note:

CalcAdminCd = "1" or "3" or "5" or "7" or TstValidFg = "V" will adversely affect Participation rating;  
 CalcAdminCd = "6" or "8" or "9" omitted from denominator and numerator.

### *II. RC District Performance*

- A. Denominator (RCDistPerf = "Y") where
- 1) (See Participation Numerator for District)  
**and**
  - 2) Exclude AYP\_LEP = "B" or "A"  
(first year LEP with or without ELPA)  
**and**
  - 3) StayInDist <> "N"  
(include only for enrolled full academic year)

### B. Numerator Calculated

- Use Performance Denominator and
- 1) PLG\_TOT = "M" or "E" (Online or Paper-pencil)
  - 2) PLB\_TOT = "M" or "E" (Extended) up to 1% of total tests with scores

## Assessment Group Report

### FLAGS SET IN STUDENT STAGING PARTICIPATION & PERFORMANCE - SCHOOL & DISTRICT LEVEL

Group Report District Participation  
GpRptDistPartic = "Y"

Group Report District Performance  
GpRptDistPerf = "Y"

Group Report School Participation  
GpRptSchlPartic = "Y"

Group Report School Performance  
GpRptSchlPerf = "Y"

Group Reports include test records of student enrolled on the first school day in May (as submitted by the district in the Spring membership collection) whether or not the student was enrolled for a full academic year.

#### Subjects/Grades:

RL (Gr 03, 04, 05, 06, 07, 08, 10)  
WR (Gr 04, 07, 10)  
MA (Gr 03, 04, 05, 06, 07, 08, 10)  
SC (Gr 05, 08, 10)

#### Determining SSID Best Score:

The Highest Resolved Score is the highest passing score from the current year assessments.

The Highest Resolved Score for students enrolled in grade 10 (as reported in the Third Period Cumulative ADM 09-10 Collection) is the highest passing score from current year high school assessments and prior year high school assessments including passing scores from 07-08 as an 8<sup>th</sup> grader and passing scores from 08-09 as a 9<sup>th</sup> grader or 10<sup>th</sup> grader.

## AGR SCHOOL PARTICIPATION & PERFORMANCE

### I. AGR School Participation

A. Denominator (AYPSchlPartic = "Y") where

- 1) SSIDBestScore = Y  
**and**
- 2) Included in Third Period Cumulative ADM Collection  
**and**
- 3) CalcAdminCd = blank, "1" or "3" or "5" or "7"  
**and**
- 4) TstValidFg = "V" (virtual records)  
**OR**  
TstValidFg = "Y" (valid test)  
**and**
- 5) DISTSPED <> "Y"  
(not in District Sp Ed Program)

B. Numerator Calculated where

- 1) (See Participation Denominator for School)  
**and**
- 2) CalcAdminCd = blank  
**and**
- 3) TstValidFg = "Y" (valid test)  
**OR**  
(TstValidFg = "V" and AYP\_LEP = "B"  
**and**  
TestSubj=RL or WR )

C. Note:

CalcAdminCd = "1" or "3" or "5" or "7" or TstValidFg = "V" will adversely affect Participation rating;  
CalcAdminCd = "6" or "8" or "9" omitted from denominator and numerator.

### II. AGR School Performance

A. Denominator where

- 1) (See Participation Numerator for School)  
**and**
- 2) Exclude AYP\_LEP = "B" or "A"  
(first year LEP with or without ELPA)

B. Numerator Calculated

– Use Performance Denominator and

- 1) PLG\_TOT = "M" or "E"  
Note: PLG\_TOT = D for all Extended assessments

## AGR DISTRICT PARTICIPATION & PERFORMANCE

### I. AGR District Participation

A. Denominator (AYPDistPartic = "Y") where

- 1) SSIDBestScore = Y  
**and**
- 2) Included in Third Period Cumulative ADM Collection  
**and**
- 3) CalcAdminCd = blank, "1" or "3" or "5" or "7"  
**and**
- 4) TstValidFg = "V" (virtual records)  
**OR**  
TstValidFg = "Y" (valid test)

B. Numerator Calculated where

- 1) (See Participation Denominator for District)  
**and**
- 2) CalcAdminCd = blank  
**and**
- 3) TstValidFg = "Y" (valid test)  
**OR**  
(TstValidFg = "V" and AYP\_LEP = "B"  
**and**  
TestSubj=RL or WR )

C. Note:

CalcAdminCd = "1" or "3" or "5" or "7" or TstValidFg = "V" will adversely affect Participation rating;  
CalcAdminCd = "6" or "8" or "9" omitted from denominator and numerator.
