are attending public schools or programs part time during the current school year. There are a few exceptions:

- (1) Students enrolled in grade 11 who met the high school standard in prior years:
 - a. Scores of grade 11 students who tested in English language arts, mathematics, or science and met or exceeded the high school standard while enrolled in grade 10 or 11 in a previous school year will be counted as valid test scores for the current school year.
- (2) Registered home schooled students, private school students, tuitioned students, and students attending public or private alternative programs part time: Private and home schooled students who do not receive primary instruction in a subject are exempt from taking the Oregon statewide assessment in that subject (e.g., students receiving supplemental instruction or instruction in a non-tested subject). NOTE: Any student may request to participate in state tests. The scores of registered home schooled, private school students, or tuitioned students are excluded from a district's accountability reports when the student's test record is marked with an Administration Code of 6 in the Assessment Record Updating Application (ARUA).
- (3) Foreign exchange students attending school in the United States for the first time after the first school day in May, 2022: Test scores from these students or virtual records indicating non-participation are excluded from a district's accountability reports when the student's test record is marked with an Administration Code of 6 in the ARUA.
- (4) English Learner (EL) students during their first year of enrollment in U.S. schools may participate in the state's English language arts assessments, but are not required to do so. EL students during their first year of enrollment in U.S. schools (enrolling after May 1, 2022) who take an English Language Proficiency Assessment (ELPA) Summative will be counted as participating in the English language arts assessment. EL students during their first year of enrollment in U.S. schools are required to participate in the state's mathematics and science assessments.

A detailed list of the inclusion rules by test type for participation and performance can be found in Table 2.

⁽¹⁾ Inclusion rules were changed in 2015-16 school year. See [Executive Memorandum 008-2015-16](#).

⁽²⁾ House Bill 2655 went into effect January 1, 2016 and established a Student Assessment Bill of Rights permitting parents or adult students to annually opt-out of Oregon’s statewide summative tests. See [Executive Memorandum 003-2015-16](#).

⁽³⁾ No longer an assessment option.

INCLUSION OF STUDENTS IN DISTRICT SPECIAL EDUCATION PROGRAMS

In the Third Period Cumulative ADM Collection, districts identify students enrolled in schools that are placed in district-wide special education programs. The assessment results and attendance for students served by district special education programs are excluded from the calculations for determining the school rates on the school level accountability reports. The district is still accountable for the attendance and performance of these students, and the scores are included in the district’s accountability results, and reports of statewide assessment results.

Students with disabilities who are instructed in a general education setting, regular classroom and/or resource room, for 40% of their time or more are included in the school accountability reports (school = school of residence) with other students in the same grade, class, and school. These are students who are reported on the December Special Education Child Count (SECC) in the special education federal placement categories of:

- “instruction in regular classes” (including special education and related services instruction and support provided in a resource room for less than 21% of the student’s instructional day) [Federal Placement Code = 30]; or
- “instruction in regular class, with resource room support” (including special education and related services instruction and support provided in a resource room environment for 21-60% of the student’s instructional day) [Federal Placement Code = 31].

Students with disabilities who are instructed in a general education classroom for less than 40% of their time will be included only in district accountability reports (district = district of residence). These are students who are reported in one of the following district special education placements [Federal Placement Code = 32 or higher]: separate class (placement in which students are served more than 60% of their school day away from the general education classroom environment); special schools (including public and private residential and day placements); hospitals and institutions; and homebound (not home schooled).

INCLUSION RULES FOR CALCULATING THE STUDENTS MEETING STANDARD

The inclusion rules for calculating the percentage of students meeting standard remain the same for school year 2022-23, as listed in Table 3.

Table 3 Inclusion for Meeting Academic Assessment Standards

Report	Students included in calculating percentage of students meeting standard
At-A-Glance & Accountability Details	Enrolled on first school day in May for a full academic year*

STUDENTS EXCLUDED FROM THE CALCULATION OF STUDENTS MEETING STANDARD

Home Schooled and Private Schooled students may request to participate in state tests. Test scores of registered home schooled, private school students, or tuitioned students are excluded from accountability reports when the student's test record in the Assessment Record Updating Application (ARUA) is marked by the District Test Coordinator (DTC) with an Administration Code of 6.

Foreign exchange students enrolling in school in the United States for the first time after the first school day in May, 2022. Test scores from these students are excluded from accountability reports when the student's test record in the ARUA is marked by the DTC with an Administration Code of 6.

The scores of *Beginning English Learners (EL)* during their first year of enrollment in U.S. schools (after May 1, 2022) who take state assessments are excluded from the calculation of the percentage of students meeting standard in all accountability reports. Test records for these students are marked with a 'B' (beginning year EL with English Language Proficiency Assessment (ELPA) Summative) or 'A' (beginning year EL without ELPA Summative) in the EngLrnrCd field based on information provided by the district in the Spring Title III English Learners Collection. Test scores with a 'B' or 'A' in the EngLrnrCd field are excluded from the calculation of the percentage of students meeting standard in accountability reports. More detailed information related to EL students can be found in [Table 8](#).

TEST VALIDITY AND HIGHEST TEST SCORE

DETERMINING A VALID TEST

Test administration is considered when determining if a test is valid. Table 4 identifies test administration codes (CalcAdmnCd) related to the student, and Table 5 identifies situations related to testing errors and the impact on participation or performance calculations.

Table 4 Non-Participants Identified by Test Administration Codes

Administration Code (CalcAdmnCd)	Definition	Participation Indicator	Performance Test Score
1	Absent (for an extended period of time) or Student Refusal = A student who is absent during the entire testing window and make-up testing period.	Non-participant	Not used
3	Modified - Language = A student who is non-literate in the language of the test and participates in the assessment under modified conditions.	Non-participant	Not used
5	Modified - Disability = A student with a disability who participates in the assessment under modified conditions.	Non-participant	Not used
6	Home Schooled Student, Foreign Exchange Student or an Out-of-State student	Not used	Not used
7	Parent Request = A student whose parent(s) request that the student not participate in testing for religious or disability related reasons.	Non-participant	Not used
8	Not Enrolled During Test Window = A student without a valid test score who was enrolled on the first school day in May but not during the school's testing window.	Not used	Not used
9	Medical Emergency = A student who cannot take the State assessment during the entire testing window, including the make-up dates, because of a significant medical emergency.	Not used	Not used
U	Invalidated test(s) with no opportunity to retest	Non-participant	Not used
X	Parent Refusal (HB 2655) = A student whose parents request that the student not participate in English language arts or mathematics assessments.	Non-Participant ⁽¹⁾	Not used ⁽¹⁾
Z	Not Enrolled During ELPA Test Window = A student without a valid ELA test score who was enrolled on the first school day in May but not during the ELPA Summative testing window.	Not used	Not used

⁽¹⁾ Districts must enter code X (on test records in the ARUA) for all students for whom a parent Opt-out form is received. Cases where students tested in ELA or Math even though there was a signed Opt-out form on file shall be reported as testing improprieties, and any tests started will be invalidated.

DETERMINING A STUDENT’S HIGHEST TEST SCORE

For reporting purposes, the Department of Education must determine the highest test score (SSIDBestScoreFg) the student has earned in each content area. This highest score is included in calculations for the school in which the student was enrolled on the first school day in May, regardless of the school of enrollment when the test was administered. The algorithm for determining this highest score is included in [Table 6](#).

The goal in assigning the highest test score is to arrive at a valid decision regarding student performance. With that goal in mind, each test is first evaluated to determine that it meets the attemptedness criteria (at least five Computer Adaptive Test {CAT} **or** one Performance Task {PT} responses if English language arts or mathematics; at least one response within the first stand-alone or cluster if science). After identifying all attempts on the part of the student, the outcome of each is evaluated to determine which score represents the student’s highest.

Each score is checked for the administration type. Those scores representing standard grade level English language arts, mathematics, or science tests are considered higher than scores from Oregon Extended assessments.

This is followed by a check of the student’s grade of enrollment. For students enrolled in two different grades during the current school year, the higher grade of enrollment will determine the achievement standards used with the student’s score.

All remaining test scores are evaluated against achievement standards, with the highest achievement level being credited to the student and school. If a student has multiple scores at the same achievement level, the highest score within that achievement level is designated the student’s highest score.

Table 6 Highest Test Score Resolution Rules – Determining a Student’s Best Score

Rules for selecting highest score per student per subject, indicated by the data field called **SSIDBestScoreFg**.

Oregon Department of Education (ODE) is setting

SSIDBestScoreFg = ‘Y’ for "Best Score" for each student as identified by a unique SSID using the following rank order criteria: [NOTE: Data field names are based on “Reporting” download file format]

I. Valid Test Rank Order

1. TstValidCd = ‘Y’
2. TstValidCd = ‘V’ (Virtual record)
3. TstValidCd = ‘N’

For test records where TstValidCd = ‘Y’:

II. Assessments of the Academic Achievement and Alternate Achievement Standards

1. SrtTstTypCd = ‘T’, ‘P’, or ‘E’ (Online, Paper-Pencil, ELPA)
2. SrtTstTypCd = ‘X’ (alternate standard Extended Assessment indicator)

III. Enrolled Grade of Student (applies only to students enrolled at two different grades during the current school year)

- | | |
|--|--------------------|
| 1. EnlGrdCd = (‘12’, ‘11’, ‘10’, ‘09’) | 5. EnlGrdCd = ‘05’ |
| 2. EnlGrdCd = ‘08’ | 6. EnlGrdCd = ‘04’ |
| 3. EnlGrdCd = ‘07’ | 7. EnlGrdCd = ‘03’ |
| 4. EnlGrdCd = ‘06’ | |

IV. Challenge up (When enrolled grade = ‘08’ only)

1. ChIngCd is blank
2. ChIngCd = ‘H’

V. Performance Level Rank Order (for subjects CE, CM, NS only)

- | | |
|-----------------|---|
| 1. PLGScore = 4 | 4. PLGScore = 1 |
| 2. PLGScore = 3 | 5. PLGScore = 0 (defined as not applicable) |
| 3. PLGScore = 2 | |

VI. ELPA Proficiency Status Rank Order (for subject EL only)

1. ELPA21ProfStatus = 3
2. ELPA21ProfStatus = 2
3. ELPA21ProfStatus = 1

VI. Score Rank Order

- For subjects CE, CM, NS - use highest numeric score

NOTE: applies to the following test types: SrtTstTypCd = ‘T’ (online CE, CM, NS), and ‘X’ (Extended CE, CM, NS)

VII. Latest Test Rank Order

1. TstEndDtTxt

VIII. Latest Test Event Identifier number

1. Highest "First 8 numbers of PADMID text data field"

ADDITIONAL NOTES:

Virtual records

- Virtual records (TstValidCd = ‘V’) are created for any student enrolled on the first school day in May who does not have a valid test score. This includes students not completing tests or taking modified administrations of assessments.

Attemptedness and invalid tests

- OSAS ELA & Math (CE, CM) Partial tests (TstAtmptCd = ‘P’) have at least 5 CAT or 1 PT responses and are valid tests (TstValidCd = ‘Y’).
- OSAS Science (NS) Partial tests (TstAtmptCd = ‘P’) have at least one response and are valid tests (TstValidCd = ‘Y’).
- Non-attempts (TstAtmptCd = ‘N’) are invalid tests (TstValidCd = ‘N’).
- Other tests considered as invalid tests (TstValidCd = ‘N’) include tests below the enrolled grade of the student (target down), modified test administrations, and invalid test administrations.

ASSIGNING THE HIGHEST SCORE TO A DISTRICT FOR INCLUSION IN ACCOUNTABILITY REPORTS

Inclusion of student test results in school and district accountability reports is based on all students enrolled in the school or district at grades 3, 4, 5, 6, 7, 8, and 11 on the first school day in May. The highest score earned by a student during the school year, no matter where the student was enrolled when tested, is assigned to the school and district of enrollment of the student on the first school day in May.

ODE generates a “virtual” test record for any student reported as enrolled at grades 3, 4, 5, 6, 7, 8, and 11 on the first school day in May if there is no valid test score posted in the ARUA for the student during the school year. These students are generally counted as non-participants in accountability reports (see Section I).

Districts report the resident school and district of students on the first school day in May in the Third Period Cumulative ADM Collection. The resident district and school of the student is the district and school responsible for the education of the student. The resident district and school of the student may not be the same as the district and school in which the student receives his or her education (the attending district and attending school). The resident district and school of the student identified in this collection is where the student’s highest score is assigned for inclusion in accountability reports. The “May 1 school” (ParticSchlInstID) and “May 1 district” (ParticDistInstID) are noted on test records. The resident school and district on test records is the school and district in which the student was a resident when the test was taken.

As noted in Section I, the inclusion of test results in the calculation of the percentage of students meeting standard for report card ratings is dependent on whether the student was enrolled for a full academic year in the school or district. Oregon’s definition of a “full academic year” is enrollment in a school or district for more than one half of the instructional days in the school or district prior to the first school day in May. (Note: the number of days enrolled does not have to be consecutive. Enrollment may be part time or full time.)

Table 7 shows some example scenarios of students moving between districts and the application of the inclusion rules described in the next section.

Includes test records of students enrolled on the first school day in May (as submitted by the district in the Third Period Cumulative ADM Collection) whether or not the student was enrolled for a Full Academic Year.

Subjects/Grades:

- ELA (CE) – Grades 03, 04, 05, 06, 07, 08, 11
- Math (CM) – Grades 03, 04, 05, 06, 07, 08, 11
- Science (NS) – Grades 05, 08, 11

Determining the SSID Best Score:

The Highest Resolved Score is the highest passing score from the current year assessments.

The Highest Resolved Score for students enrolled in grade 11 on the first school day in May (as reported in the Third Period Cumulative ADM 2022-23 collection) is the highest passing score from current year high school assessments and passing scores from prior year high school assessments.

SCHOOL PARTICIPATION & PERFORMANCE

I. AGR School Participation

- A. Denominator (GrpRptSchlParticFg = Y) where
- 1) SSIDBestScoreFg = Y
and
 - 2) Included in Third Period Cumulative ADM Collection and enrolled on the first school day in May
and
 - 3) CalcAdmnCd = blank, 1, 3, 5, 7, or X
and
 - 4) TstValidCd = V (virtual record)
OR
TstValidCd = Y (valid test)
and
 - 5) DistSpEdFg <> Y (not in District Special Ed Program)
- B. Numerator Calculated where
- 1) (See Participation Denominator for School)
and
 - 2) CalcAdmnCd = blank
and
 - 3) TstValidCd
OR
(TstValidCd = V or N **and** EngLnrCd = B
and
SbjctCd = CE)
- C. Note:
CalcAdmnCd = 1, 3, 5, 7, or X or TstValidCd = V will adversely affect Participation rating; CalcAdmnCd = 6, 8, 9, or Z omitted from denominator and numerator.

II. AGR School Performance

- A. Denominator (GrpRptSchlPrfrmFg = Y) where
- 1) (See Participation Numerator for School)
and
 - 2) Exclude EngLnrCd = B or A
(first year EL with or without ELPA Summative)
- B. Numerator Calculated
-- Use Performance Denominator and
- 1) PLGScore = 3 or 4 (1 or 2 for Extended assessments)

DISTRICT PARTICIPATION & PERFORMANCE

I. AGR District Participation

- A. Denominator (GrpRptDistParticFg = Y) where
- 1) SSIDBestScoreFg = Y
and
 - 2) Included in Third Period Cumulative ADM Collection and enrolled on the first school day in May
and
 - 3) CalcAdmnCd = blank, 1, 3, 5, 7, or X
and
 - 4) TstValidCd = V (virtual record)
OR
TstValidCd = Y (valid test)
- B. Numerator Calculated where
- 4) (See Participation Denominator for District)
and
 - 5) CalcAdmnCd = blank
and
 - 6) TstValidCd = Y (valid test)
OR
TstValidCd = V or N **and** EngLnrCd = B
and
SbjctCd = CE)
- C. Note:
CalcAdmnCd = 1, 3, 5, 7, or X or TstValidCd = V will adversely affect Participation rating; CalcAdmnCd = 6, 8, 9, or Z omitted from denominator and numerator.

II. AGR District Performance

- A. Denominator (GrpRptDistPrfrmFg = Y) where
- 1) (See Participation Numerator for District)
and
 - 2) Exclude EngLnrCd = B or A
(first year EL with or without ELPA Summative)
- B. Numerator Calculated
-- Use Performance Denominator and
- 1) PLGScore = 3 or 4 (1 or 2 for Extended assessments)
