<p>[*] Schools do not receive points for participation. However, a school's overall Level is lowered by one category if it does not meet participation targets for all subgroups.</p> <p>[^] Schools that are Level 1 for Graduation can have an Overall Level no higher than level 2.</p> <p>^{**} Schools may not be eligible for all possible points. Schools are not rated in categories where they do not meet minimum student count requirements.</p>		Totals^{**}	20	20
		Weighted Percent		100%

Levels are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are 20 for Academic Achievement, 20 for Academic Growth, 10 for Subgroup Growth, 35 for graduation and 15 for Subgroup Graduation. The total score is matched to the scoring guide to the right to determine the school rating.

Level Assignment	Weighted Percent
Level 5	87.0 or higher
Level 4	70.0 to 86.9
Level 3	47.0 to 69.9
Level 2	26.5 to 46.9
Level 1	Less than 26.5

What do the Categories Measure?
Academic Achievement

The Achievement indicator reflects the percent of students meeting or exceeding on the state math and reading tests.

Academic Growth

The growth measure indicates the level of student progress on the reading and math tests. It uses the Colorado Growth model which assigns a growth percentile to each student, as compared to the growth of other students with similar past test scores. The indicator reflects 1) median growth: how the growth of a typical student at the school compared to other students statewide, and 2) target growth: the level of growth sufficient for the typical student to meet or exceed state standards within three years or by grade 11, whichever comes first.

Subgroup Growth

This indicator measures the growth of historically underserved student subgroups. It disaggregates the Growth indicator and reflects the median and target growth for economically disadvantaged, limited English proficient, students with disabilities, and historically underserved races/ethnicities.

Graduation (High Schools only)

This indicator uses four- and five-year cohort graduation rates. These rates follow incoming 9th grade classes for four or five years to determine the percent of students who graduate with a regular diploma. Each school's cohort begins with the first-time 9th grade students in a particular school year. Students are added to a school's cohort when they transfer into the school, and are removed from a school's cohort if they transfer to another high school. Students who dropout or otherwise leave a school without transferring to another school remain in a high school's cohort.

Subgroup Graduation (High Schools only)

This indicator uses the graduation rates of historically underserved student subgroups. It disaggregates the four- and five-year graduation rates for economically disadvantaged, limited English proficient, students with disabilities and historically underserved races/ethnicities.

What do the Categories Measure?
Academic Achievement

The Achievement indicator reflects the percent of students meeting or exceeding on the state math and reading tests.

Academic Growth

The growth measure indicates the level of student progress on the reading and math tests. It uses the Colorado Growth model which assigns a growth percentile to each student, as compared to the growth of other students with similar past test scores. The indicator reflects 1) median growth: how the growth of a typical student at the school compared to other students statewide, and 2) target growth: the level of growth sufficient for the typical student to meet or exceed state standards within three years or by grade 11, whichever comes first.

Subgroup Growth

This indicator measures the growth of historically underserved student subgroups. It disaggregates the Growth indicator and reflects the median and target growth for economically disadvantaged, limited English proficient, students with disabilities, and historically underserved races/ethnicities.

Graduation (High Schools only)

This indicator uses four- and five-year cohort graduation rates. These rates follow incoming 9th grade classes for four or five years to determine the percent of students who graduate with a regular diploma. Each school's cohort begins with the first-time 9th grade students in a particular school year. Students are added to a school's cohort when they transfer into the school, and are removed from a school's cohort if they transfer to another high school. Students who dropout or otherwise leave a school without transferring to another school remain in a high school's cohort.

Subgroup Graduation (High Schools only)

This indicator uses the graduation rates of historically underserved student subgroups. It disaggregates the four- and five-year graduation rates for economically disadvantaged, limited English proficient, students with disabilities and historically underserved races/ethnicities.

What are the cutoffs for the Performance Indicator and Overall Levels?

Subgroup Graduation	Not Rated		15	
Number of Missed Participation Targets[*]	1	NA		
		Totals**	20	14
		Weighted Percent	70%	

* Schools do not receive points for participation. However, a school's overall Level is lowered by one category if it does not meet participation targets for all subgroups.

[^] Schools that are Level 1 for Graduation can have an Overall Level no higher than level 2.

** Schools may not be eligible for all possible points. Schools are not rated in categories where they do not meet minimum student count requirements.

Levels are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are 20 for Academic Achievement, 20 for Academic Growth, 10 for Subgroup Growth, 35 for graduation and 15 for Subgroup Graduation. The total score is matched to the scoring guide to the right to determine the school rating.

Level Assignment	Weighted Percent
Level 5	87.0 or higher
Level 4	70.0 to 86.9
Level 3	47.0 to 69.9
Level 2	26.5 to 46.9
Level 1	Less than 26.5

What do the Categories Measure?
Academic Achievement

The Achievement indicator reflects the percent of students meeting or exceeding on the state math and reading tests.

Academic Growth

The growth measure indicates the level of student progress on the reading and math tests. It uses the Colorado Growth model which assigns a growth percentile to each student, as compared to the growth of other students with similar past test scores. The indicator reflects 1) median growth: how the growth of a typical student at the school compared to other students statewide, and 2) target growth: the level of growth sufficient for the typical student to meet or exceed state standards within three years or by grade 11, whichever comes first.

Subgroup Growth

This indicator measures the growth of historically underserved student subgroups. It disaggregates the Growth indicator and reflects the median and target growth for economically disadvantaged, limited English proficient, students with disabilities, and historically underserved races/ethnicities.

Graduation (High Schools only)

This indicator uses four- and five-year cohort graduation rates. These rates follow incoming 9th grade classes for four or five years to determine the percent of students who graduate with a regular diploma. Each school's cohort begins with the first-time 9th grade students in a particular school year. Students are added to a school's cohort when they transfer into the school, and are removed from a school's cohort if they transfer to another high school. Students who dropout or otherwise leave a school without transferring to another school remain in a high school's cohort.

Subgroup Graduation (High Schools only)

This indicator uses the graduation rates of historically underserved student subgroups. It disaggregates the four- and five-year graduation rates for economically disadvantaged, limited English proficient, students with disabilities and historically underserved races/ethnicities.

Overall Level: Level 5

<i>Performance Indicator</i>	<i>Level</i>	<i>% of Points Earned</i>	<i>Weight</i>	<i>Weighted Points</i>
Academic Achievement	Level 5	90	25	22.5
Academic Growth	Not Rated		50	
Subgroup Growth	Not Rated		25	
Number of Missed Participation Targets *	0	NA		
* Schools do not receive points for participation. However, a school's overall Level is lowered by one category if it does not meet participation targets for all subgroups and subjects. ** Schools may not be eligible for all possible points. Schools are not rated in categories where they do not meet minimum student count requirements.		Totals**	25	22.5
		Weighted Percent		90%

Levels are calculated using the percentage of points earned out of the total points eligible. For schools with data on all indicators, the total points possible are 25 for Academic Achievement, 50 for Academic Growth, and 25 for Subgroup Growth. The total score is matched to the scoring guide to the right to determine the school's rating.

Level Assignment	Weighted Percent
Level 5	87.0 or higher
Level 4	70.0 to 86.9
Level 3	47.0 to 69.9
Level 2	26.5 to 46.9
Level 1	Less than 26.5

These detail sheets are based on Oregon's Next Generation Accountability system described in our state's approved ESEA flexibility waiver.

What do the Categories Measure?
Academic Achievement

The Achievement indicator reflects the percent of students meeting or exceeding on the state math and reading tests.

Academic Growth

The growth measure indicates the level of student progress on the reading and math tests. It uses the Colorado Growth model which assigns a growth percentile to each student, as compared to the growth of other students with similar past test scores. The indicator reflects 1) median growth: how the growth of a typical student at the school compared to other students statewide, and 2) target growth: the level of growth sufficient for the typical student to meet or exceed state standards within three years or by grade 11, whichever comes first.

Subgroup Growth

This indicator measures the growth of historically underserved student subgroups. It disaggregates the Growth indicator and reflects the median and target growth for economically disadvantaged, limited English proficient, students with disabilities, and historically underserved races/ethnicities.

Graduation (High Schools only)

This indicator uses four- and five-year cohort graduation rates. These rates follow incoming 9th grade classes for four or five years to determine the percent of students who graduate with a regular diploma. Each school's cohort begins with the first-time 9th grade students in a particular school year. Students are added to a school's cohort when they transfer into the school, and are removed from a school's cohort if they transfer to another high school. Students who dropout or otherwise leave a school without transferring to another school remain in a high school's cohort.

Subgroup Graduation (High Schools only)

This indicator uses the graduation rates of historically underserved student subgroups. It disaggregates the four- and five-year graduation rates for economically disadvantaged, limited English proficient, students with disabilities and historically underserved races/ethnicities.
