Levels are calculated using the percentage of points earned out of points eligible. For schools with data on all indicators, the total points possible are 20 for Academic Achievement, 20 for Academic Growth, 10 for Subgroup Growth, 35 for graduation and 15 for Subgroup Graduation. The total score is matched to the scoring guide to the right to determine the school rating.

**What do the Categories Measure?**
**Academic Achievement**

The Achievement indicator reflects the percent of students meeting or exceeding on the state math and reading tests.

**Academic Growth**

The growth measure indicates the level of student progress on the reading and math tests. It uses the Colorado Growth model which assigns a growth percentile to each student, as compared to the growth of other students with similar past test scores. The indicator reflects 1) median growth: how the growth of a typical student at the school compared to other students statewide, and 2) target growth: the level of growth sufficient for the typical student to meet or exceed state standards within three years or by grade 11, whichever comes first.

**Subgroup Growth**

This indicator measures the growth of historically underserved student subgroups. It disaggregates the Growth indicator and reflects the median and target growth for economically disadvantaged, limited English proficient, students with disabilities, and historically underserved races/ethnicities.

**Graduation (High Schools only)**

This indicator uses four- and five-year cohort graduation rates. These rates follow incoming 9<sup>th</sup> grade classes for four or five years to determine the percent of students who graduate with a regular diploma. Each school's cohort begins with the first-time 9<sup>th</sup> grade students in a particular school year. Students are added to a school's cohort when they transfer into the school, and are removed from a school's cohort if they transfer to another high school. Students who dropout or otherwise leave a school without transferring to another school remain in a high school's cohort.

**Subgroup Graduation (High Schools only)**

This indicator uses the graduation rates of historically underserved student subgroups. It disaggregates the four- and five-year graduation rates for economically disadvantaged, limited English proficient, students with disabilities and historically underserved races/ethnicities.
