

High School Success Plan 2021-2023

Adapt and update our individual graduation tracking form along with Synergy Teaching staff will utilize Synergy and the tracking form data to support students and inform parents. Short-Term 100% of teaching staff will utilize tracking forms for credit and schedule planning with 100% of students, as well as with parents during conferences. Long-Term LC School wants to follow patterns and identify problems for students over time in order to make plans for ensuring graduation (hopefully 100% graduation rate)! Goal #2 Develop and utilize a Student Success Team (SST) model to address and remedy issues identified using graduation tracking form data. Short-Term Develop an SST process and action plan, including a form. SST will be made up of teachers, specialists and administration. The SST will be the process by which plans are created for assisting students in need of credit recovery, or additional assistance to be on track to graduate. Long-Term LC School SST will have a plan in place for feedback follow-up meetings. SST will check for success and adjust the plan accordingly. Goal #3 Continue to update, improve, and utilize our after school study hall and Friday school program, as well as expand avenues for individual student success, including use of technology. Short-Term Identify student needs for credit recovery, make-up work, and individual student instruction. Look at technology tools to fit individual student needs. Long-Term Gather feedback and data to analyze effectiveness of each piece of this goal. Give each individual student a chance to be successful throughout their school years. Increase use of identified successful technology tools. Teaching staff will meet before semester grades are published and parent/teacher conferences are held to check each student's high school tracking form and confirm that each student in on-track to graduate through credits, class schedule, and required testing results and other meetings throughout the year for the student study team (SST). Goal (s) this	Lead	Long Creek School District #17
Teaching staff will utilize Synergy and the tracking form data to support students and inform parents.
