

High School Success Plan
2021-2023

Lead Organization	Monroe School
Goal #1	Students at Monroe School will have a plan towards graduation that outlines required courses, focus on career based classes, and needed transition services. This plan will also include student interests to help guide the school programming.
Short-Term Outcome	A template will be created that outlines student academic needs, transitional needs, and graduation plan.
Long-Term Outcome	The plans created will outline student needs and be used as a tool to drive school operations and programming.
Goal #2	Students will explore various trades including welding, wood work, painting, small engine repair and mechanics.
Short-Term Outcome	Students will be scheduled in at least one trade class if they are eligible for those class options (per OYA).
Long-Term Outcome	Students will work towards taking advanced level classes in a trade class of their choosing. This will allow students to grow in their abilities and work towards certification.
Goal #3	Students who are eligible will participate in college level courses through TVCC.
Short-Term Outcome	Students who are eligible will have the opportunity to apply and participate in college level courses. Each student will be supported in their school by being provide textbooks, computers, and adult support/supervision.
Long-Term Outcome	The goal at Monroe School is to provide students the opportunity to expand on their education to open career pathways in the future. The hope is by providing students an opportunity they will be able to engage and have success working towards a two year college degree.
Goal #4	Staff will participate in equity training to better support our diverse learners.
Short-Term Outcome	By 22-23 school year, staff will participate in equity/diversity training to allow staff to better meet the needs of diverse learners and ensure our school runs with equitable practices.
Long-Term Outcome	All students will be supported at Monroe school. Staff will be prepared to work with diverse learners and meet the varying needs of students.
Dropout Prevention Activity #1	Staff will be provided equity and diversity training to ensure all students feel included in the school community. This will allow students to have equipable access to learning.
Goal(s) this activity addresses	Goal 4
Dropout Prevention Activity #2	Students will explore various trades including welding, wood work, painting, small engine repair and mechanics. By students finding areas of education they are interested in, students will be more likely to feel connected to school.

Lead Organization **Monroe School**
