

High School Success Plan
2021-2023

Lead Organization	Phoenix Charter School
Goal #1	90% of students with chronic absenteeism will have supports that help navigate life challenges that consistently keep them from attending school; monitoring absent students and home outreach.
Short-Term Outcome	Students will have a dedicated team (Journey Support Squad and Pathways Teachers) to support them with day-to-day, hour-by-hour challenges in the classroom.
Long-Term Outcome	Chronic absenteeism by student will be reduced historically with continuous supports in their daily lives.
Goal #2	95% of students will complete interim assessments in Reading/Math to provide data for teacher collaboration to adjust instructional opportunities to fill educational gaps for students; teachers and staff will use data to support students individually as needed to increase growth.
Short-Term Outcome	Completing of interim assessments, teachers and staff using the data to support students daily in the classroom. JSS team to support efforts in the classroom.
Long-Term Outcome	Students will reflect growth in educational gaps to support opportunities for the Early College program, workforce, and trades fields.
Goal #3	90% of CTE course offerings will have a Project Based Learning approach including opportunities for internships with community partners. Continue GED and Early College program to support student working in the community to prevent dropouts.
Short-Term Outcome	Students learning hands-on skills revolved around projects to build resilience in start-to-finish opportunities; preparation for the work force.
Long-Term Outcome	Students have the ability to complete hands-on skills revolved around projects to build resilience in start-to-finish opportunities; preparation for the work force.
Dropout Prevention Activity #1	Retention Specialist to monitor attendance reports and report to the JSS team and Pathways teachers to continue connecting with students to engage and re-engage.
Goal(s) this activity addresses	Goal 1 , Goal 2
College Level Opportunities Activity #1	Continue increasing student participation in the Early College program through recruitment and support of student.
Goal(s) this activity addresses	Goal 1 , Goal 2 , Goal 3
Career Technical Education Activity #1	Increased CTE offerings through a Project Based Learning approach and course offerings.
