

*High School Success Plan
2021-2023*

| | |
|---|--|
| Lead Organization | MESD - MESD Alliance |
| Goal #1 | All students will take one or more college and career courses. |
| Short-Term Outcome | All students are automatically signed up for the Advanced Class that changes every quarter. College and Career Coordinator supports students and staff to ensure success. Fabrication teacher supports the entire alliance across all schools. Horticulture teacher works with 3 sites, students are introduced to Horticulture and greenhouse activities, along with many other programs. Students sell flowers and plants at outdoor markets, money goes back into the program |
| Long-Term Outcome | By the end of the 2024-25 school our goal to have all eligible students having taken at least 10 more students who have attained their associates. |
| Career Technical Education Activity #1 | Staff .5 FTE This teacher teaches fabrication lab classes |
| Goal(s) this activity addresses | Goal 1 |
