

High School Success Plan 2021-2023

Lead Organization **Vale School District**

Goal #1	90% of students will leave their 9th grade year on track to graduate.
Short-Term Outcome	The ninth grade core team which consists of teachers, support staff, and administration meet on a regular basis to review data to determine if students are making adequate progress in classes. Parents, guardians, and in some cases local authorities are involved in determining effectiveness of strategies employed.
Long-Term Outcome	The percentage of students on track to graduate at the end of the ninth grade year will increase by 5%.
Goal #2	Students who are deficient in credits needed toward graduation will be given opportunities throughout the school year and during the summer to make up lacking credit.
Short-Term Outcome	Teachers and administration will make recommendations for credit recovery after semester grades have been posted. Students will be enrolled in credit recovery options either at the end of the first semester with the intention of credit recovered by the end of the second semester or be enrolled in summer school opportunities with the expectation credit will be recovered prior to the start of the new school year.
Long-Term Outcome	90% of students enrolled in credit recovery options will complete their credit recovery program successfully by the time frame determined.
Goal #3	Students in grades 8 - 12 will complete a five year plan of success. This plan will include a forecast of future courses throughout their high school years and may include an aptitude test that will increase the opportunity to achieve their desired post high school goals.
Short-Term Outcome	All students in grades 8 through 12 will complete the five year plan of success with the school counselor
Long-Term Outcome	Students gaining 2+2 credits or enrolled in dual credit opportunities will increase by 10% each year over the next year two years.
Goal #4	All students will be given additional opportunities to enroll in CTE course credits in areas of interest through enhanced online learning opportunities.
Short-Term Outcome	Students will be given opportunities to expand their knowledge of a CTE area through an online opportunity either taught by one of our instructors or by the online program instructors.
Long-Term Outcome	The percentage of students who enroll in additional CTE online opportunities will increase by 10% each year over the next two years.
Dropout Prevention Activity #1	At the end of each grading period, the 9th grade Core Team will analyze student grades, attendance and progress toward achieving credit in conjunction with the identified risk factors for each student. This work will be driven by a demographic spreadsheet created by the Retention Specialist during the 2020-21 school year.
Goal(s) this activity addresses	Goal 1 , Goal 2

Organization**

Vale School District

Dropout Prevention Activity #2	A staff member will facilitate a credit recovery program through online and/or in person learning opportunities.
Goal(s) this activity addresses	Goal 1 , Goal 2
Dropout Prevention Activity #3	At the end of each grading period, students who have not yet mastered curriculum content will be required to attend a study skills session during the school day.
Goal(s) this activity addresses	Goal 1 , Goal 2
College Level Opportunities Activity #1	Students in grades 8 - 12 will meet annually with the school counselor to create and/or update a personalized five year plan of success. This plan will include a projected path of progression through their high school years that aligns with their career and/or college goals.
Goal(s) this activity addresses	Goal 3
College Level Opportunities Activity #2	Students in grades 8 and 10 will be given an opportunity to complete an aptitude assessment to determine their strengths. This information will help guide their academic progression through high school to achieve post high school goals.
Goal(s) this activity addresses	Goal 3
Career Technical Education Activity #1	Students enrolled in Vale High School CTE courses may gain alternative credit or additional support through an online resource
Goal(s) this activity addresses	Goal 4
Career Technical Education Activity #2	Students in grades 9 - 12 will be given opportunities to gain CTE credit in an area of interest through an online resource . This credit would be in addition to our current CTE offerings at Vale High School.
Goal(s) this activity addresses	Goal 4
