

# IDEA Part B School Age Redesign

Results

Equity

Inclusion

Despite attention paid to compliance with IDEA through Systems Performance Review and Improvement (SPR&I), we have not yet achieved desired results for students experiencing disability in Oregon.

**How can SPR&I be redesigned to reflect guiding values of results, equity, and inclusion for every student?**

## Input Sessions

Suggested participants include special education leaders with district teams.  
Travel reimbursement available.

All times are 9:00-3:00 with coffee/tea and working lunch provided.
