

Opportunity to Apply State Personnel Development Grant

Purpose

The State Personnel Development Grant provides funds to districts to support implementation of evidence-based practices within a multi-tiered system of supports (MTSS), the Oregon Integrated Systems (ORIS) Framework. Selected districts receive funds to support implementation of the framework, utilizing a district-identified coach that works with up to four schools. Coaches identified by the district receive professional learning. This learning is contextualized to the district with the support of an ESD regional coach and an ODE sponsored State Liaison.
