Jaalka Aanu Wada Shaqeyno ee Qaaliga ah Warqadda Kasocota Waaxda Waxbarashada ee Mareykanka

UNITED STATES DEPARTMENT OF EDUCATION
OFFICE OF SPECIAL EDUCATION AND REHABILITATIVE SERVICES

January 9, 2017

Dear Colleague:

We are writing to reaffirm the position of the U.S. Department of Education (ED or Department) that all young children with disabilities should have access to inclusive high-quality early childhood programs where they are provided with individualized and appropriate supports to enable them to meet high expectations. Over the last few years, States and communities have made progress in expanding early learning opportunities for young children, with all but four States investing in free public preschool programs.¹ The Federal government, while aligning with the movement of States, has led several efforts to increase access to and the quality of early childhood programs, such as the Preschool Development Grants and expansion of Head Start. States have focused on improving the quality of early learning programs, including the development of early learning program standards and incorporating these into Quality Rating and Improvement Systems (QRIS).²

Waxaanu kuu soo qoreynaa xogtaan si aanu mar kale u caddeyno mowqifka Waaxda Waxbarashada ee Mareykanka (ED ama Waaxda) ee ah in dhammaan carruurta yaryar ee naafada ah ay tahay inay helaan barnaamijyo loogu tala galay carruunimada hore oo tayo sare leh isla markaana loo dhan yahay oo lagu siinayo taageerooyin gaar ah oo munaasab ah si loogu awood siiyo inay helaan waxyaabihii la filayay ee sare.

TO: All Head Start and Early Head Start Agencies and Delegate Agencies

SUBJECT: Inclusion of Children with Disabilities

ABSTRACT:

This Information Memorandum (IM) highlights requirements in the Head Start Program Performance Standards (HSPPS) related to the inclusion of children with disabilities and delays. It includes a list of free resources for grantees' use in implementation efforts.

BACKGROUND:

Head Start and Early Head Start programs are required to ensure that at least 10% of enrollment slots are occupied by children with disabilities. In fact, Head Start's founders and early pioneers recognized that both children with and without disabilities would benefit from participating together in the same classrooms. Since 1972, over 3 million children with disabilities have fully participated in Head Start.

The 2016 HSPPS provide additional specificity regarding the inclusion of children with disabilities within Head Start and Early Head Start programs. Additionally, at [45 CFR §§1302.62](#) and [1302.60](#), the HSPPS explicitly require that every effort be made to include and provide services to children identified with delays or suspected delays, even if they are not eligible for services under Individuals with Disabilities Education Act (IDEA).

Section [640\(d\)\(1\)](#) of the Head Start Act defines the term "child with a disability" as:

- A child with a disability, as defined in section 602(3) of IDEA

Heerarka Waxqabad ee Barnaamijka Bilowga Fiican waxay si cad ugu baahan yihiin in dadaal kasta la sameeyo si loogu soo daro adeegyana loo siiyo carruurta la tilmaamay inay qabaan daahitaan ama looga shakiyay daahitaan ay qabaan, xataa haddii aysan u qalmin adeegyada hoos yimaada Xeerka Waxbarashada ee Shakhsiyaadka Naafada ah (IDEA).
