

What your students are taking home

1/2 sheet front:

- **Farmer photo**
- **Quick info section (same as your “MEET YOUR FARMER” section on front page)**
- **ABOUT THE FARMER:** Sheri Williamson is from a family who has been farming for over 50 years! Sheri’s family grows their strawberries in three different locations. Their conventionally grown strawberries are grown in San Diego County and Ventura County and their organic strawberries are grown in Monterey County. Sheri says that growing up on a farm was fun. “You don’t think of it as work when you get to drive a tractor, especially when you’re a little kid!” Sheri says the best thing about being a farmer is working for herself and being able to see all of the people who appreciate her hard work. Sheri says strawberries are a good plant to grow at home because they produce “runners” that shoot-off the plant and root into the ground. This creates another strawberry plant so you can get many plants from one! Visit Sheri or her crew at the Chico Certified Farmers’ Market to learn more about strawberries and to get a sticker!

1/2 sheet back:

We want your feedback! Please take a few minutes to fill out this short survey so we can improve the Farmer of the Month program!

Complete this flyer and send it back to school with your child, or **complete it online at:**
www.surveymonkey.com/s/QJGFZBS *Thank you!*

1. Has your child spoken to you about the fruit or vegetable they have tasted at school?

Yes No If yes, please explain: _____

2. Has your child spoken to you about the Farmer of the Month?

Yes No If yes, please explain: _____

3. Has this program influenced your family’s food shopping habits in any way?

Yes No If yes, please explain: _____

4. Has this program influenced your child in any way?

Yes No If yes, please explain: _____

5. Which information on the Farmer of the Month Flyer do you find interesting or useful?

(Check all that apply).

About the Farmer Recipe Local vendor locations Nutrition information

These questions are for a project being conducted by the Center for Nutrition and Activity Promotion of CSU, Chico and are funded by the California Department of Food and Agriculture.

Teachers!

As you’ve probably noticed from the back of the Kids Take Home half sheet, we’re trying to collect data from parents in order to understand the impact of the Harvest of the Month program and to improve our materials.

Any announcements you can make or reminders you can give to your students and their families about this survey would be greatly appreciated. *Thank you!* –*The Harvest of the Month Team*
