Harvest Bites

- Circle all meals that have green veggies in them. How many did you find?
- What do you like most about green veggies?
- What do green veggies do for your body?
Healthy, Fit and Ready to Learn

Fruits and vegetables are foods that should be eaten often. To help you eat more, fill half your plate with fruits and vegetables at each meal. Eating nutritious foods like fruits and vegetables and being active can help keep you healthy and ready to learn.

**Grown In Oregon**

Asparagus, a classic spring treat, is hand-harvested in the Pacific Northwest. Most commercial production is for processing, but production for the fresh market is also important. Commercial plantings are restricted mainly to the drier areas east of the Cascades. Commercial plantings west of the Cascades are limited primarily to the Rogue River Valley.

**Just for Kids**

**Garden Lingo**

If you work on a farm or in a garden, it helps to know gardening terms and nicknames. For example, you may know the vegetable as asparagus, but farmers call it ‘gras! This green stem vegetable is a perennial plant of the Lily family and provides a source of many vitamins and other nutrients. Asparagus plants are dormant in winter and harvested in spring.

Draw a line to match each word on the left with the correct definition on the right. (answers below)

1. Farmer
2. Perennial
3. Lily
4. Vitamins
5. Dormant
6. Harvest

A. Gathering of crop
B. Natural ingredients found in foods necessary for our bodies to grow
