

ODE State Warehouse Information

Revised 06/2026

Current contract for warehousing and shipping services is awarded to Alpine Carriers & Storage. State warehouse is located in Milwaukie, OR. ODE pays costs directly to the contractor, the RA pays ODE through service fees as posted on the [ODE USDA Foods website](#). RAs should reach out to ODE in the event of an issue with the contractor.

All USDA Foods Direct Delivery products received by the state warehouse can be released for delivery to the recipient agency's ODE-approved delivery location using our contractor's web based inventory release system, which aligns with the ODE Warehouse Delivery Calendar for the school year posted on the [ODE USDA Direct Delivery website](#). There is a 20 case minimum per delivery site, with the exception being the final delivery period in May.

Warehouse storage is included in the ODE service fee. Additional storage fee will incur for any foods left in the warehouse over the 60-days dwell time period.

If you have questions, please email ode.usdafoods@ode.oregon.gov
