How to release USDA Foods inventory?

Deliveries of USDA Direct Delivery Foods begin in July for SFSP sponsors and in August for NSLP sponsors.

NSLP sponsors that are also SFSP sponsors may combine their cases to be delivered in July.

To release your USDA Foods items for delivery to your location after it arrives in the warehouse, log into Gold Star system and release your USDA Foods items available in your inventory account based on your delivery day(s) and delivery weeks assigned by Gold Star.

Minimum delivery is 20 cases per site (except for the last delivery period in May).

What USDA Foods items can you release from the warehouse?

USDA ships USDA Foods throughout the school year to the Oregon State contracted warehouse.

Once the USDA food has been physically received by the state warehouse, WBSCM notifies all recipient agencies.

These items will then be visible in the Gold Star system in the USDA Live Inventory.

Recipient agencies are expected to release items as soon as they receive the notification email from WBSCM.

Recipient Agencies are allowed 90-day dwell/storage time only counting from the date of receipt in the warehouse.
