**Important Information:**

1. Within 1-3 business days of WBCSM e-mail receiving notice, the Gold Star web based inventory release system will reflect new inventory that is available to place on an order.
2. Orders must be placed by deadlines and orders must meet 20 case minimum per delivery window. Please review your online inventory report before you enter your order. If you place two orders for two deliveries in a single month, one of the orders must exceed 20 cases otherwise it will revert to one delivery.
3. When picking a date in a delivery window in the ordering system, Gold Star Foods will do their best to give you that date but be aware your delivery can be anytime during the delivery window based on most efficient routing.
4. The inventory report in ordering system will indicate inventory that has been in the warehouse for 60+ days and is at risk of incurring dwell time charges in the near future. Please order these inventory quantities as soon as possible to avoid storage fees, which start beyond 90 days.
5. May is the last delivery month. Please plan on ordering all remaining inventory for May delivery. Deliveries for less than 20 cases allowed only during May. All remaining inventory will automatically be placed on May order.
