Student Giving Worksheet

Directions: Your foundation has \$3,000.00 to give away to people in your community. Read the descriptions below and decide which projects you will give money to and how much money you are going to give to each project. You must choose at least four projects and use two different denominators. You cannot give away more than \$3,000.00 in total. Write a paragraph describing how you chose your projects and the fraction amount and dollar amount for each project. Be sure to show a fraction representation.

Budget: \$3,000.00

Project	Will you fund their request? (check yes or no)	Total dollar amount	Fraction amount
School trip: A fourth-grade class is planning a field trip to learn more about the mayor and what the mayor does. They need money to pay for the bus and for lunch.	<input type="checkbox"/> yes <input type="checkbox"/> no		
Senior center: The senior center would like to expand its entertainment options for residents. They need money to buy games, books, movies, and music.	<input type="checkbox"/> yes <input type="checkbox"/> no
