

The diagram consists of a large outer rectangle divided into four quadrants by a vertical line on the left and a horizontal line on the top. A smaller, centrally placed rectangle is connected to the four quadrants by four lines: a vertical line extending upwards from the top edge of the central box to the top edge of the top-right quadrant; a vertical line extending downwards from the bottom edge of the central box to the bottom edge of the bottom-right quadrant; a horizontal line extending to the left from the left edge of the central box to the left edge of the bottom-left quadrant; and a horizontal line extending to the right from the right edge of the central box to the right edge of the top-right quadrant.
