

## New Resource: Civil Rights Support Program Office Hours

We're excited to offer monthly **Virtual Drop-In Office Hours** for the [Civil Rights Support Program \(CRSP\)](#)! These sessions are a fantastic way to get initial guidance and resources related to civil rights concerns in Oregon K-12 schools. Our **Civil Rights Support Specialists (CRSS)** are here to support the well-being, equity, and inclusive learning environments for all students.

**Please share with those we serve: Oregon students, families, and community members experiencing discrimination in public schools.**

These drop-in hours are designed for an **overview of our program, initial questions, guidance, and resource connections** - a chance for preliminary support and to help you understand your options. You can expect the following:

- Education on Civil Rights Laws/Complaint Processes
- Resource Provision
- General Support & Procedural Navigation
- A Public/Group Setting
