Oregon's Weekly Surveillance Summary  
Novel Coronavirus (COVID-19)

## Kindergarten-12th Grade School Report

OHA is publishing data on COVID-19 cases associated with schools that offer in-person instruction. This is to inform the public of potential COVID-19 exposure and to provide transparency surrounding COVID-19 in schools. School is defined as any place of learning for students from kindergarten through twelfth grade, or a subset, with at least 30 students enrolled. This includes, but is not limited to, public schools, private schools, parochial and charter schools. Staff is defined as any person who works full time or part-time at the school, regardless of their position. A volunteer is defined as any person who volunteers onsite. Cases are reported if they worked or attended school (either for class or other activities like a sports practice) during their exposure or infectious period.

Table 7 below includes all schools that have 1 or more cases of COVID-19 in students or staff/volunteers where the most recent onset occurred within the past 28 days. Schools that have 1 or more cases of COVID-19 in students or staff/volunteers where the most recent onset occurred more than 28 days ago will be moved to a separate table (Table 8).

### Table 7. Recent cases

*Schools with recent COVID-19 Cases (n=367)*
