

Private Forest Accord Implementation: 2024 Progress Report

Background

In February 2020, conservation and forest industry groups offered to revise the Forest Practices Act (FPA) and forest practice rules through a memorandum of understanding known as the Private Forest Accord (PFA). In June 2020, the Legislature adopted Senate Bill [\(SB\) 1602](#) which increased helicopter spray buffers; directed rulemaking for salmon, steelhead, and bull trout streams in the Siskiyou Region; and set communication laws for spraying pesticides by helicopter. The bill set the accord timeline and led to mediated sessions between representatives of the forest industry and representatives of environmental interest resulting in the [PFA Report](#).

In March 2022, the Legislature adopted the PFA Report recommendations through [SBs 1501](#) and [1502](#), and [House Bill 4055](#). SB 1501 (2022) amongst other things, made substantial changes to the FPA, required the recommendations of the PFA Report be incorporated into the forest practice rules, requires the pursuit of incidental take permits (ITPs) through a habitat conservation plan (HCP) and requires the Board of Forestry (BOF) to undertake rulemaking related to tethered logging and post-disturbance harvest.

Additionally, SB 1501 (2022) requires the BOF to submit annual progress reports regarding PFA implementation to the legislative committees related to forestry. This report captures the BOF’s implementation obligations, the status of each, and any related 2024 activities.
