OREGON DEPARTMENT OF FORESTRY CASH ACCOUNT BALANCE CURRENT MONTH TO DATE AMOUNTS SHOWN IN MILLIONS

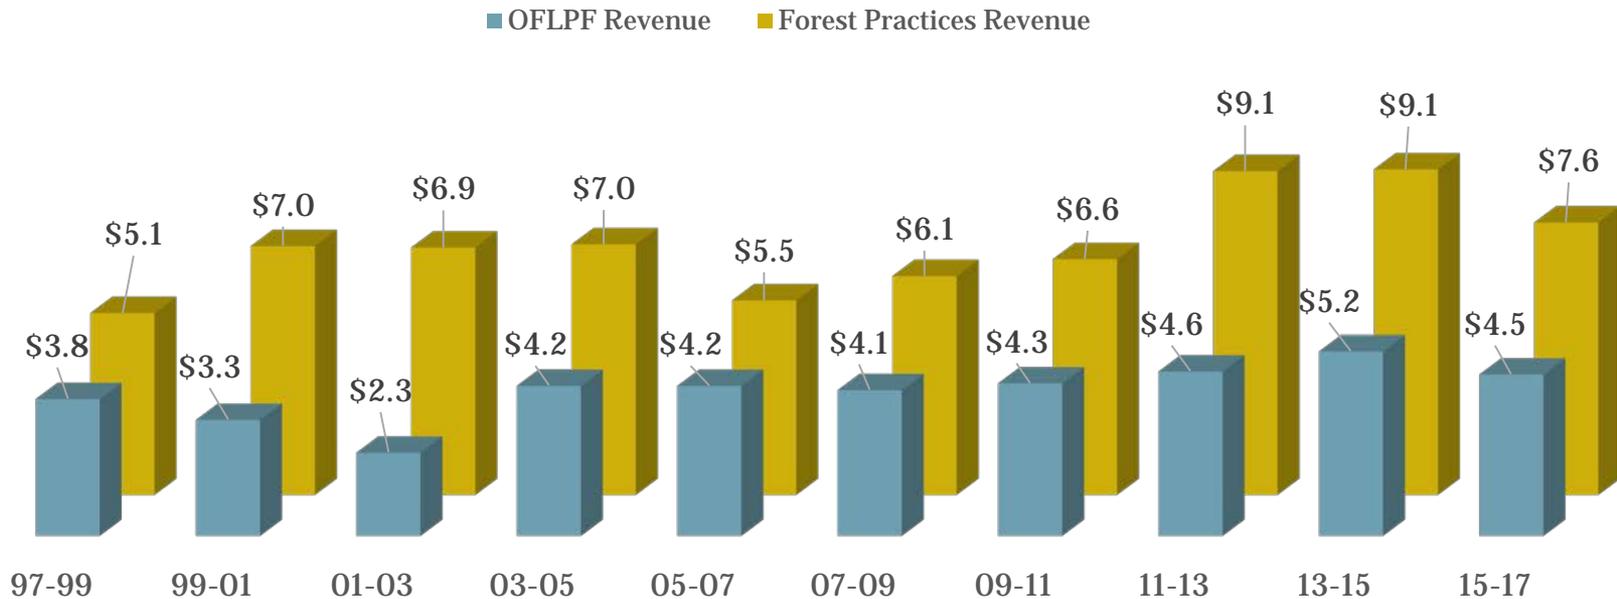

CASH BALANCE IN MAIN CASH ACCOUNT

Shows the final cash balance at the end of the month over the last fiscal year in comparison to current fiscal year on a monthly basis. This account is where the cash for all major programs of the Department is kept. There are normal dips in July, October, January and April from timber revenues shared with counties. The increase in Nov. FY16 was due to the receipt of Protection assessments and the payment from BLM to Protection. The decrease in May FY16 was from ODF payback of Protection's Treasury loan. A new credit line was established in July FY17. The decrease in Sep. FY17 was from several large fire-related payments in Protection. The increase in Nov. FY17 is due to the receipt of Protection assessments. The recent decrease in Dec. FY17 was from ODF payment on Protection's Treasury loan, and a further decrease is noted in Jan. FY17 associated with revenue distribution to the counties.
