

To whom it may concern, Oregon State Board of Forestry-

I would like to submit my comments regarding the future of the State Forest Management Plan.

I OPPOSE clearcutting.

I OPPOSE aerial spraying. Stop poisoning the land and citizens for financial gain!

I OPPOSE short-term rotations. Return to a 250 year cycle.

I OPPOSE the raping of the lands of Oregon for the financial gain of bankers and wealthy who do not even live in Oregon to see the devastating effects of their greed.

(For those in the back:)

STOP CLEARCUTTING. STOP AERIAL SPRAYING. STOP SHORT-TERM ROTATION.

END LOGGING AND CEASE ABUSING OUR ONE AND ONLY PLANET EARTH.

The earth is not here for humans to use and ruin. We must manage lands such that there will be any positive future left for the next generations.

Thank you and do the right thing-

Jordan Gulaskey
Oregon citizen
