❖ Board and EQC - Joint topics as requested							

Board Accomplishments to Date:

Topic Area	Board Decision/Direction (Month/Year)	Work Product(s) that led to Decision
Water Quality	March 2018 Directed staff to conduct a study, (starting with a literature review) of FPA streamside protection rules in the Siskiyou geographic region on Type F stream types; medium and small stream sizes; to meet the purpose and goal for desired future condition and water protection relating to stream temperature and shade.	2016 Monitoring Strategy
FPA Rule/Policy Review Relating to Marbled Murrelets	April 2018 Directed staff to initiate the expert review of the marbled murrelet technical report.	Marbled Murrelet Draft Technical Report

Significant Deviations from Initial Work Plan:

Topic Area	Change	Driver behind need for change
