**SUMMARY**

The purpose of this agenda item is to provide an initial report on the Department of Forestry’s human resources and safety-related metrics as a starting point for future tracking and review.

**CONTEXT**

During the Board of Forestry’s 2014 annual planning retreat and discussions held surrounding agency working relationships, the Board expressed interest in viewing the Department’s human resources and safety-related data. An initial set of data will be presented to the Board at the January 2016 meeting with intent to return and provide periodic updates and reporting over time.
