OREGON DEPARTMENT OF FORESTRY CASH ACCOUNT BALANCE CURRENT MONTH TO DATE AMOUNTS SHOWN IN MILLIONS

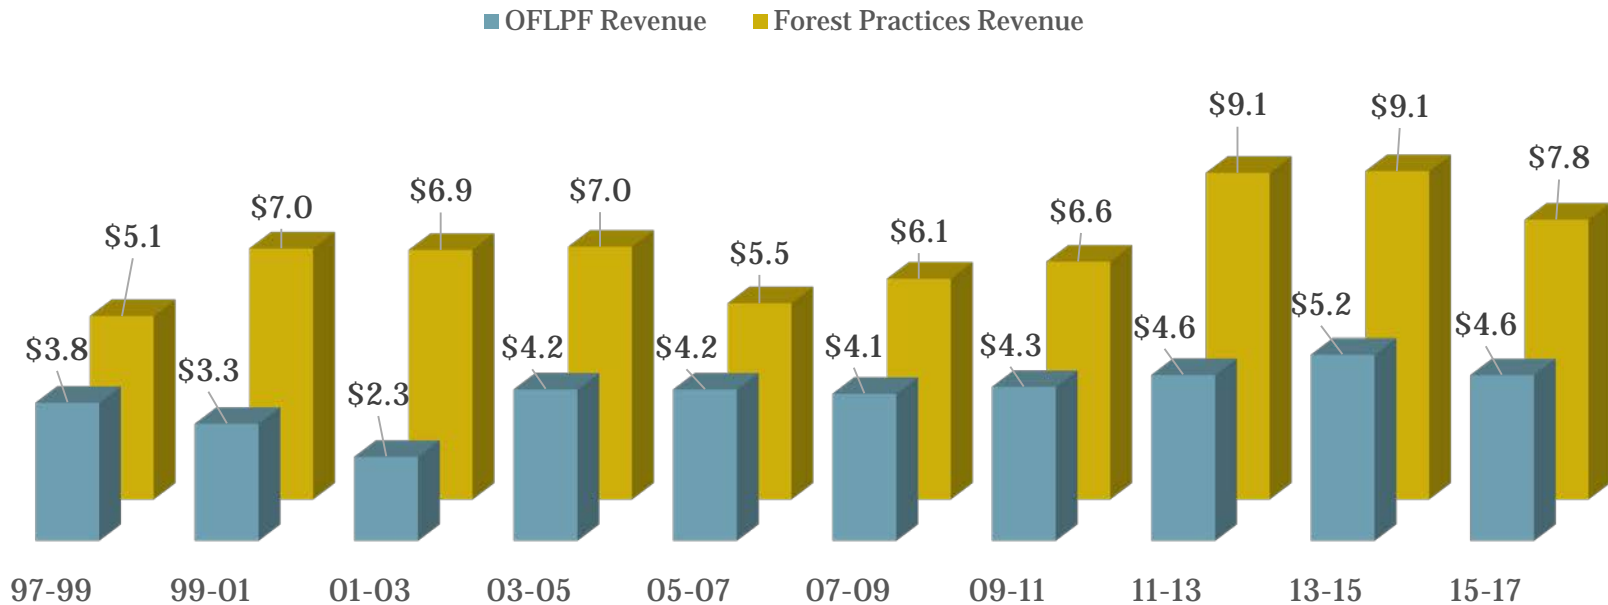

CASH BALANCE IN MAIN CASH ACCOUNT

Shows the final cash balance at the end of the month over the last fiscal year in comparison to current fiscal year on a monthly basis. This account is where the cash for all major programs of the Department is kept. There are normal dips in July, October, January and April from timber revenues shared with counties. The increase in November FY16 was due to the receipt of Protection assessments and the payment from BLM to Protection. The decrease in May FY16 was from ODF payback of a \$25 million Treasury loan. This line of credit was paid back in full in June 2016 and a new credit line was established in July 2016. The decrease in September FY17 was from several large fire-related payments in Protection.
