### SUMMARY

The Oregon Forest Resources Institute (OFRI) commissioned an online survey of Oregon residents from January 14 to 25, 2019. The purpose of this survey was to assess Oregonians' opinions about forest issues in Oregon, and gauge values and beliefs related to forests. Results will be compared with those from past years to track attitudes over time.

DHM Research has been providing opinion research and consultation throughout the Pacific Northwest and other regions of the United States for over 40 years. The firm is nonpartisan and independent and specializes in research projects to support public policy making.
