Discuss: Amphibians research questions #1 & 2 package

AMPC feedback, look at compiled package

Amphibians Research Sub-questions #3 – path forward

Decision: How does the AMPC want to address these questions?

- A. As part of the effectiveness monitoring plan (e.g., via the existing workgroup);*
- B. As a separate and subsequent question package;*
- C. Include in the question package for questions 1 & 2, not as research questions, but to provide additional context to the IRST. For example, “these questions are not yet finalized, but will be prioritized and refined in the near future”; and/or,*
- D. Another option?*

Amphibians Research Question #3 – path forward

Question 3.1 How do rules for road crossings on fish-bearing streams affect Columbia and Southern torrent salamanders' habitat?

Question 3.2 How do rules for no-harvest RMAs affect Columbia and Southern torrent salamanders' habitat?

Question 3.3 How do rules for Type N streams affect Columbia and Southern torrent salamanders' habitat?

Question 3.4 How do rules for stream-associated wetlands and stream-adjacent seeps and springs affect Columbia and Southern torrent salamanders' habitat?

Question 3.4 How do rules for steep/unstable slope protections affect Columbia and Southern torrent salamanders' habitat?
