

# Adaptive Management Program Committee

January 28, 2026

# Attendance: Roll Call

**Please answer “Present”**

# Public Comment

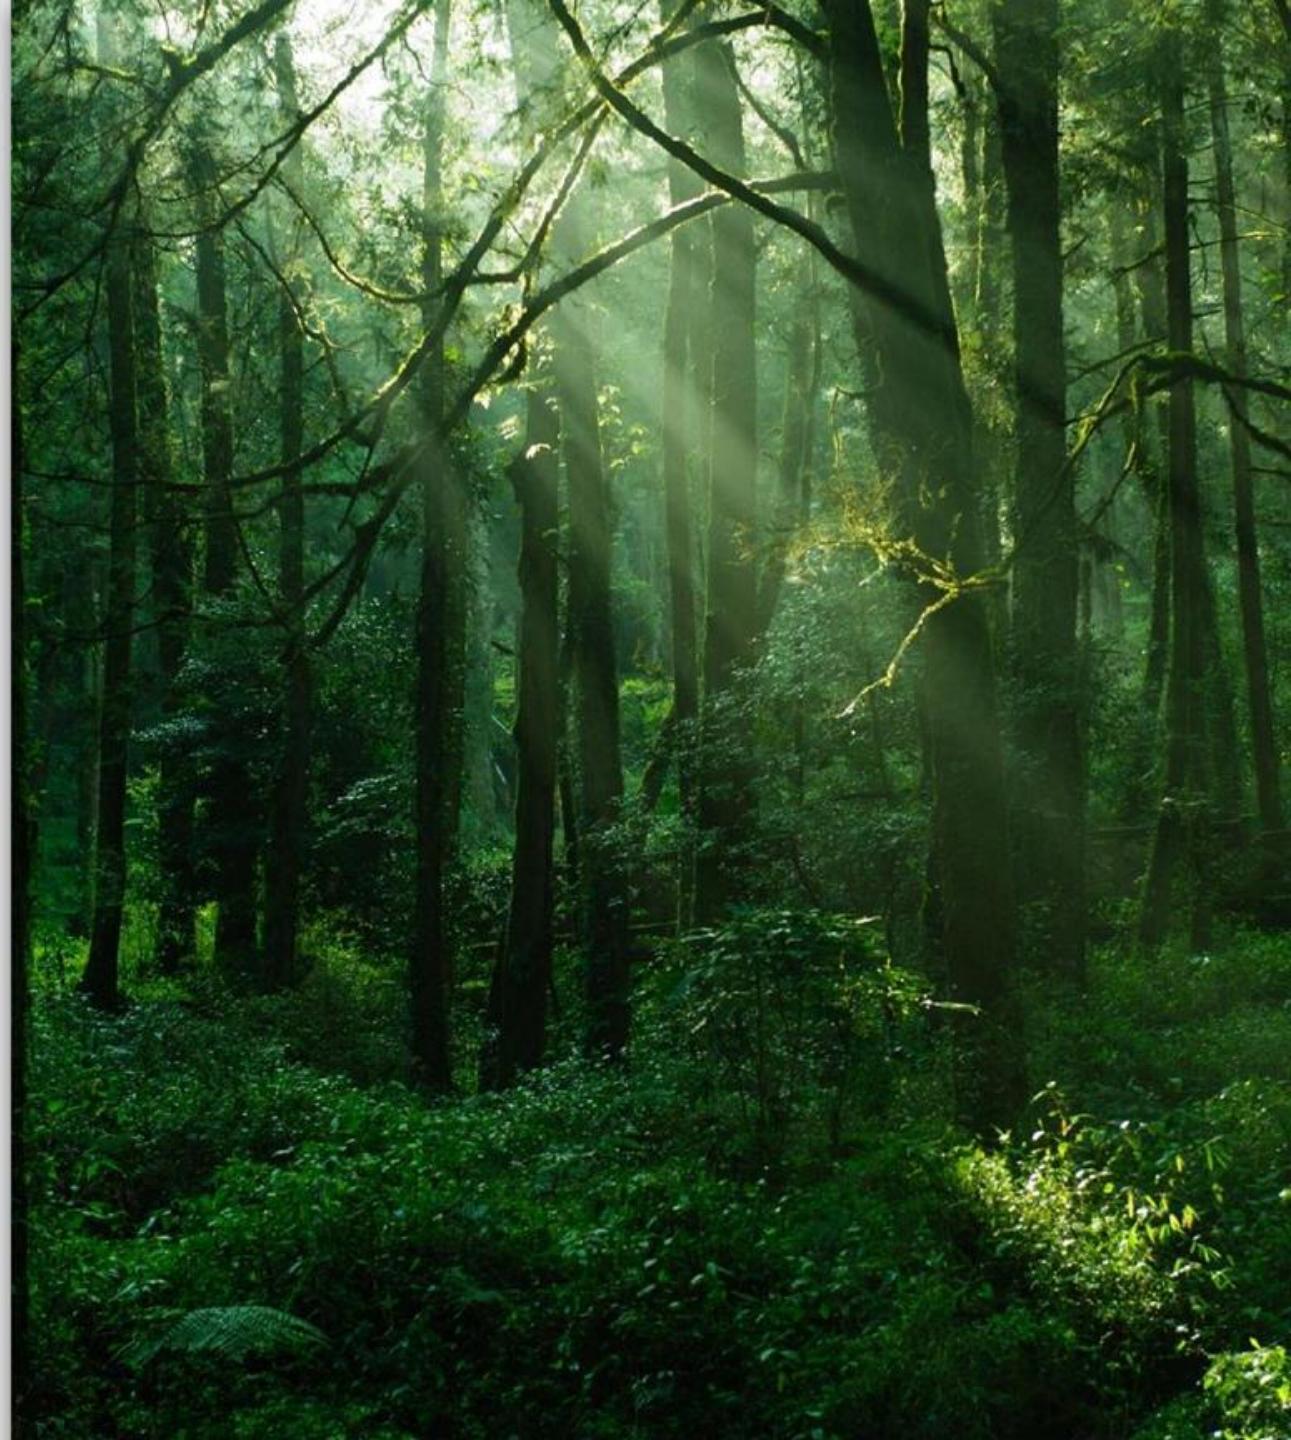

# Executive Summary of 12/8/25 meeting

- Accept?

# Updates

- AMP research budget – proposed cut
- AMPC appointments (Jan. Board decision)
- AMP update to the Board in March 2026

# What's ahead

## March 16, 2026

- IRST convo: Amphibians scoping proposals re: questions 1 & 2
- Addressing budget cut (if it happens)
- (*slight chance*) Finalize Amphibians Q3 (?) – list of rules; responses to IRST questions

## April 13, 2026 (with IRST)

- Details of HCP and BGOs
- Effectiveness Monitoring Strategy (ODFW, CMP, etc.)

# IRST: Amphibians

*Go to IRST presentation (if there is one)*

# IRST: RFPs

*Go to IRST presentation (if there is one)*

## Budget situation

### Funds available for research:

**\$3,049,968 from 2023-2025**

**\$3,080,000 for 2025-2027 (cut considered in 2026 short session)**

### **Research agenda budget approved by Board 9/2025**

Project	2025-2027 estimated expenditures	Total projected expenditures <sup>^</sup>
<b>Road-Stream Hydrologic Connectivity</b>	\$2.7 million (appropriated '25-'27)	\$5.4 million
<b>Eastern Oregon Steep Slopes</b>	\$80,000	\$80,000
<b>Amphibians/other</b>	TBD	TBD

<sup>^</sup> Not to exceed numbers

# E. Oregon Steep Slopes as first RFP?

# Introduction to AMP-related HCP sections
