

Addendum to the 2025 Research Agenda

A.1. Introduction

The AMPC finalized their first Research Agenda Report at their July 7, 2025, meeting and approved it unanimously by all 10 voting members. An addendum was mentioned as a possibility in that report since the amphibians work was specified as a priority in both the Private Forests Accord Report and rule¹.

A.2. Research Agenda Addendum

Table A.1. Summary of Addendum to the 2025 Research Agenda

Priority	Project	Milestone	Completed (months since project start)
3	Amphibians	Award contract	TBD
		Prep for field data collection	TBD
		Complete field data collection	TBD
		Complete data analysis & draft reports	TBD
		Complete final reports	TBD

Summary of Research Agenda Addendum Projects

This section outlines the AMPC decisions for additions to the 2025 Research Agenda.

Third priority: Amphibians questions 1 & 2 options _____

(summarize the decisions)

Knowledge contribution:

Project Budgets for Addendum

Project budgets are based on the associated scoping proposals and are summarized in Table A.2.

¹ OAR 629-603-0100(8)

Table A.2. Research Agenda Addendum Budget Estimates

Project	Budget/year	Budget for 2025-2027 biennium	Total budget [^]
Amphibians/other	TBD [#]	TBD [#]	TBD

[^] Not to exceed numbers

[&] These budget numbers are for the baseline study per Question 1; subsequent rounds of sampling to develop the trends per Question 2 will be completed in the future.

[#] Since there is insufficient information in the scoping proposals to determine these figures, a constant-rate expenditure is assumed.

2. Conclusion & next steps
