- 4) Allow people to say what is true for them without fear of reprisal,
- 5) Avoid side conversations during meetings,
- 6) Provide information as much in advance as possible of the meeting in which such information is to be used and share all relevant information to the maximum extent possible,
- 7) Generate and explore all options on the merits with an open mind, listening to different points of view with a goal of understanding the underlying interests of other RAC members,
- 8) Consult regularly with their appointing/nominating bodies and provide their input in a clear and concise manner,
- 9) Each member agrees to work toward fair, practical, and durable recommendations that reflect the diverse interests of the entire RAC and the public,

- 11) Not attempt to affect a different outcome outside of the RAC process once the RAC has reached a “consensus” recommendation,
- 12) Strive vigorously for consensus and closure on issues, and
