Applications **MUST** come from a local government, Tribe, non-profit organization, State forestry agency, or Alaska Native Corporation **AND** project work **MUST** occur on private, local government, state government, Homeowners Association, and/or Tribal/Alaska native corporation land (including Trust lands).

---

**Is the community "at risk"?**

- **YES**
  - A community is at risk if it is EITHER on this list of WUI Communities OR at risk on a state, regional, or national wildfire risk assessment. See this spreadsheet for a list of eligible communities based on state and national risk data from the Wildfire Risk to Communities team.

- **NO**
  - Other funding may be available for a community on a program or state by state basis.

**Does the community have a CWPP, FEMA-approved hazard mitigation plan, or Tribal hazard mitigation plan not older than 10 years?**

- **YES**
  - Eligible projects (partial list) include:
    - Home assessments
    - Defensible space creation
    - Prescribed fire training
    - Vegetation and fuels management
    - Staff support for community wildfire mitigation/coordination
    - Building codes, ordinances, or land use planning support
    - Public health impacts of smoke
    For a complete list, visit your Notice of Funding Opportunity

- **NO**
  - Home hardening activities are ineligible for funding.

**Are the projects you wish to fund listed in the planning document (CWPP, hazard mitigation plan) **AND** are they eligible activities?**

- **YES**
  - Apply for CWPP Development or Update funds (you are eligible for update funding if your CWPP is older than 5 years). Visit https://fireadapted.org/cwpp-database/ for CWPP resources!
  - No more than $250K, 10% match unless Western States and Territories

- **NO**
  - Western States and Territories
