Application Process Updates CY 2026

---

- In order to streamline contracting efforts and allow for more reliable timeframes for proposed project start dates, Oregon will be screening CMP Project proposals twice a year. Anticipated review periods will occur at the **end of March and the end of September**. Please note, while these are proposed review periods, this schedule will be flexible for any previously pending proposals or needed necessary accommodations.
- [General information about Oregon's CMP Program](#) is available on the NFLU Web site.
- For an overview of the application process link to: [CMP Application Process](#).
- Please be aware that Centers for Medicare & Medicaid Services (CMS) has updated the CMP application template required for CMP proposals. The link to the application template and budget templates are posted on the Nursing Facility Licensing page at: [CMP Proposal Template](#) and [CMP Budget Template](#). Please ensure any new proposals submitted use these updated templates.
