Oregon Department of Human Resources (ODHS) Children's Care Licensing Program
Child Caring Agency Legislative Report

Report/allegation	Provider	Approximate incident date	Abuse type	Did reportable injury, sexual abuse or death result?
CCA250068	Trillium - Farm Home	7/9/2025	Neglect	Yes-Reportable Injury

Nature of abuse and brief narrative	Corrective actions taken or ordered by the Department, and outcome
Two allegations of Neglect were substantiated on two staff after the staff failed to provide the required level of supervision to the victim and failed to follow the victim's service plan, leading to the victim ingesting an object requiring emergency surgery.	One of the identified staff members left employment at the Farm Home prior to the conclusion of the investigation. The other staff member was coached and retrained in supervision expectations following the incident and was retained as an employee. This employee is appealing the substantiation. If the substantiation is upheld in the course of the appeal, ODHS will ensure Trillium initiates a new background check and fitness determination via the ODHS Background Check Unit (BCU), during which the substantiation would be considered when determining if the employee can continue in their role.

Report/allegation	Provider	Approximate incident date	Abuse type	Did reportable injury, sexual abuse or death result?
CCA250084	Trillium - Farm Home	8/24/2025	Neglect	Yes-Sexual Abuse

Nature of abuse and brief narrative	Corrective actions taken or ordered by the Department, and outcome
Two allegations of Neglect were substantiated on a specific staff after that staff failed to follow program policy and one of the victim's sexual safety plan. The staff allowed the victim to keep her bedroom door	The identified employee was placed on administrative leave following the conclusion of the investigation. After reviewing the findings of the investigation, Trillium terminated her employment.

propped open overnight, which allowed a second victim to enter her bedroom and sexually assault her. Had the staff followed the program policy the incident would not have occurred.	

Report/allegation	Provider	Approximate incident date	Abuse type	Did reportable injury, sexual abuse or death result?
CCA250115	Looking Glass - Regional Crisis Center	11/20/2025	Neglect	Yes-Reportable Injury

Nature of abuse and brief narrative	Corrective actions taken or ordered by the Department, and outcome
One allegation of Neglect was substantiated on a specific staff after that staff failed to maintain "constant supervision" of the victim, who refused a gown search upon intake to the program. The victim then smuggled approximately 200 pills into the program and proceeded to ingest approximately 190 of them over the next several days. The victim experienced suicidal ideation as well as multiple physical symptoms. The Designated Medical Provider advised this incident could have resulted in severe medical conditions, including death.	Following the incident, and prior to the start of the investigation, the identified employee was terminated from their position. Additionally, a review and modification of intake processes occurred to reduce opportunities for similar incidents to occur in the future.

Report/allegation	Provider	Approximate incident date	Abuse type	Did reportable injury, sexual abuse or death result?
CCA250124	Madrona Recovery	12/13/2025	Involuntary Seclusion, Neglect	No

Nature of abuse and brief narrative	Corrective actions taken or ordered by the Department, and outcome
One allegation of Neglect was substantiated on an unidentified staff, and one allegation of Involuntary Seclusion was substantiated on a specific staff after a youth was accidentally locked in his bedroom for	The identified employee was the subject of disciplinary action following the incident and received additional training. ODHS directed the program to replace the hardware on bedroom doors with hardware that allows

approximately two hours. One staff failed to conduct the required room checks prior to locking the youth's door, preventing the youth from leaving. Additionally, staff failed to perform the required 15-minute room checks, which would have alerted staff to the youth being locked in his room. The youth has a history of self-harming behaviors as well as suicide attempts, which required enhanced supervision.	the doors to be unlocked from inside the bedrooms. If the identified employee is still working at Madrona Recovery when the timeframe for appealing the substantiation has expired, or if and when the substantiation is upheld in the course of an appeal, CCLP will ensure Madrona initiates a new background check and fitness determination via the ODHS Background Check Unit (BCU), during which the substantiation would be considered when determining if the employee can continue in their role.

Report/allegation	Provider	Approximate incident date	Abuse type	Did reportable injury, sexual abuse or death result?
CCA250126	Trillium - Farm Home	12/19/2025	Neglect	Yes-Reportable Injury

Nature of abuse and brief narrative	Corrective actions taken or ordered by the Department, and outcome
One allegation of Neglect was substantiated on a specific staff after the staff failed to perform the required search on the youth when the youth returned from a home visit. The youth snuck medication into the program and ingested the medication leading to the youth being transported to the hospital for evaluation.	The identified employee was disciplined following the incident and received coaching and additional training. After Trillium's review of the completed investigation report and of the employee's overall job performance record, the employee was terminated from their position.

Report/allegation	Provider	Approximate incident date	Abuse type	Did reportable injury, sexual abuse or death result?
CCA250127	Looking Glass - Regional Crisis Center	12/19/2025	Wrongful Restraint	No

Nature of abuse and brief narrative	Corrective actions taken or ordered by the Department, and outcome
Two allegations of Wrongful Restraint were substantiated on two specific staff when those staff placed a youth in a restraint and transported the youth	The two identified employees received additional training following the incident. Both employees are appealing the substantiations. If the identified

to a different area due to the youth refusing to leave the area during a fire drill. Staff acknowledged knowing this was a drill and there was no immediate emergency.	employees are still working at Looking Glass if and when the substantiations are is upheld in the course of the appeals process, CCLP will ensure Looking Glass initiates new background checks and fitness determinations via the ODHS Background Check Unit (BCU), during which the substantiations would be considered when determining if the employees can continue in their roles.

Report/allegation	Provider	Approximate incident date	Abuse type	Did reportable injury, sexual abuse or death result?
CCA260015	Greater Oregon Behaviorial Health Inc	2/14/2026	Neglect	Yes-Reportable Injury

Nature of abuse and brief narrative	Corrective actions taken or ordered by the Department, and outcome
Four allegations of Neglect were substantiated on two proctor foster parents after they left two children-in-care home together without supervision. One of the youth became triggered by the other youth and engaged in self-harming behavior requiring outside medical care. Both youth have specialized plans, and the proctor foster parents failed to follow those plans or maintain the required supervision of the youth.	One of the two identified children transitioned out of the foster home following the incident. The other child continues to reside in the home, and Greater Oregon Behavioral Health Inc. (GOBHI) elected to continue the certification of the foster parents after debriefing the incident and reiterating the supervision requirements for the remaining child. GOBHI checks in with the foster parents weekly. ODHS will ensure GOBHI initiates new background checks and fitness determinations via the ODHS Background Check Unit (BCU) when the timeframe for appealing the substantiations has expired or if and when the substantiations are upheld in the course of any appeals.

Restraint and Involuntary Seclusion Report

Reporting time frame (months and year)	
The total number of restraints used in programs.	1963
The total number of programs that reported the use of restraints of children in care.	30
The total number of individual children in care who were placed in restraints by programs.	201
The number of reportable injuries to children in care that resulted from those restraints.	219
The number of incidents in which an individual who was not appropriately trained in the use of restraints performed a restraint on a child in care in a program.	1
The number of incidents that were reported for potential inappropriate use of restraint.	19
