Total number of children in care placed in involuntary seclusion.	0
The total number of children who experienced both restraint and involuntary seclusion.	0
Total number of children in care who were placed in a restraint than three times during the reporting period.	0

Total number of children in care who were placed in involuntary seclusion more than three times during the reporting period.	0
A description of the steps the program has taken to decrease the use of restraint and involuntary seclusion.	All staff are trained and certified in CPI which places an emphasis on verbal de-escalation and avoiding using physical restraint whenever possible. Staff are also trained in and apply CPS. Staff discuss and implement strategies to support clients and their emotional and behavioral needs on an ongoing basis. Clients are taught coping skills, the program has multiple areas for clients to choose to go to in which to take a break/regulate emotionally.
Number of incidents in which an individual who placed a child in care in a restraint or involuntary seclusion was not certified or trained in the use of the type of restraint or involuntary seclusion used, including individuals whose certification or training was expired at the time of the restraint or seclusion.	None
