Oregon Department of Human Services

Restraint and Involuntary Seclusion Report

Instructions: As required by Oregon Senate Bill 710, adopted during in the 2021 regular session, quarterly reports must be completed and submitted to the Children's Care Licensing Program (CCLP) regarding restraints and involuntary seclusions of children in care. Reports must also be posted on the Child Caring Agency's website, if applicable, and must be provided to any member of the public upon request.

Submit reports to cclp.licensing@dhsoha.state.or.us.

Agency Name	St. Mary's Home for Boys
Site or Program Name	St. Mary's Home for Boys
Reporting time frame (indicate which quarter in months and year).	January 1, 2023 – March 31, 2023
Total number of children served by CCA during reporting time frame	66
Total number of incidents involving restraint.	8 (rate of .001% based upon 4960 client days or 1 incident out of every 620 client days)
Total number of incidents involving involuntary seclusion.	4 (rate of .0008% based upon 4960 client days or 1 incident out of every 1240 client days)
The total number of incidents involving restraint that resulted in reportable injuries.	3 Total Skin discoloration on right armpit. Right wrist pain. Redness on lower back.
The total number of incidents involving involuntary seclusion that resulted in reportable injuries.	0
Total number of involuntary seclusions in a locked room.	4 (rate of .0008% based upon 4960 client days or 1 incident out of every 1240 client days)
Total number of rooms available for use for involuntary seclusion.	3
Description of the dimensions and design of the seclusion rooms.	7'4"width, 11'4" length, 8'7" height
Total number of children in care placed in restraint.	8 (.12% of the population) 4 – Day Treatment Client

	1 – DHS Voluntary Client 1 – DHS Client 2 – OYA Clients
Total number of children in care placed in involuntary seclusion:	2(.03% of the population) 0 – Day Treatment Clients 0 – DHS Voluntary Client 0 – DHS Clients 2 – OYA Clients
Total number of children in care who were placed in a restraint than three times during the reporting period.	0
Total number of children in care who were placed in involuntary seclusion more than three times during the reporting period.	0
A description of the steps the program has taken to decrease the use of restraint and involuntary seclusion.	* Utilize team meetings, clinical supervision, individual manager meetings, and program quality improvement forums to discuss individual clients and their patterns to formulate Plan B conversations. * Continued use of the Collaborative Problem-Solving Quality Improvement plans in each department. * Utilizing a variety of techniques tailored to the individual needs including special programs based upon client needs. * The program continues to provide ongoing refresher training and ongoing full CPI training courses focused on the verbal de-escalation techniques, use of a least restrictive intervention and how to identify escalation patterns. * Involved family members in discussions to aide in reducing

	escalation and increase support to the client. * Discussed each individual case of restraint and seclusion room placement to aide in the reduction. * Year over year seclusion room decrease was 90%.and 60 % for physical interventions.
Number of incidents in which an individual who placed a child in care in a restraint or involuntary seclusion was not certified or trained in the use of the type of restraint or involuntary seclusion used, including individuals whose certification or training was expired at the time of the restraint or seclusion.	0

Demographic Characteristics of the children in care who the program placed in a restraint or involuntary seclusion, including race, ethnicity, gender, disability status, migrant status, English proficiency and status as economically disadvantaged, unless the demographic information would reveal personally identifiable information about an individual child in care. Indicate the number of children who experienced restraint or seclusion who match each of the criteria listed below:

Race/Ethnicity:	**Total Number of Children**
American Indian or Alaska Native	0
Asian	0
Black or African American	0
Hispanic (any race)	1
Native Hawaiian	0
Other Pacific Islander	0
White	7
Other	1
Unable to determine	

Gender:	**Total Number of Children**
Male	9
Female	
Transgender	
Non-binary	
Agender/No Gender	
Questioning	
Refused to Answer	

Disability Status:	**Total Number of Children**
Disabled	0
Non-Disabled	9

Migrant Status:	**Total Number of Children**
Migrant	0
Non-Migrant	9

English Proficiency:	**Total Number of Children**
English is primary language	9
English is not primary language	0

Economic Status:	**Total Number of Children**
Economically Disadvantaged	Unknown
Not Economically Disadvantaged	Unknown
