Your SNAP benefits will close as of Oct. 31, 2025

Hello <<HOH First Name>> <<HOH Last Name>>,

Congress and the President made changes to who can get SNAP food benefits. We know this is stressful and we want to make things clear.

What is changing?

- Your SNAP benefits will close on Oct. 31, 2025.
- **If you are currently receiving Job Participation Incentive benefits, they will also close on Oct. 31, 2025.**

Why is this change happening?

According to the new federal law, people cannot get SNAP benefits unless they are one of the following:

- U.S. citizen or U.S. National living in the U.S
- Lawful Permanent Resident (LPR) (may need to meet certain criteria) living in the U.S
- Cuban or Haitian Entrant living in the U.S
- Compacts of Free Association (COFA) National living in the U.S

What will happen to the benefits currently on your account

- If there's no activity on the card, SNAP benefits will expire 9 months after they are issued.
- You can check available SNAP benefits, check the day they were deposited, and take actions to protect your benefits using the ebtEDGE.com website.
