To: People with disabilities in Oregon

From: Vocational Rehabilitation (VR)

What helps people with disabilities find and keep good jobs? Take our survey

Oregon Vocational Rehabilitation (VR) wants to do a better job helping people with disabilities who want to work. We invite you to take a survey to share your opinions. Your answers will help us learn how we could improve employment services.

Who should take the survey?

We want to hear from people with disabilities across Oregon, including:

- People who currently use VR services
- People who have used VR services in the past
- People who have experience working or trying to work

** You do not need to use VR services to take the survey.

What will the survey ask?

The survey will ask you about:

- What makes it hard to get and keep jobs?
- What makes it hard to get VR services?
- If you have received VR services, how was your experience?

- If you have received services through WorkSource Oregon, how was your experience?

How will we use the information

Your answers will help VR make services better. VR will use what you share to make a new state plan. This plan will include goals and steps to reach those goals.

Language access and accommodations

The survey is available in English and Spanish. If you would like to take the survey in another language or an alternate format, email vr.info@odhsoha.oregon.gov or call 503-945-5880.

What else do I need to know?

- The survey will be open through 5 p.m. Oct. 30.
- The survey will take about 15 minutes to complete.
- You may ask a family member, a personal attendant, or a caregiver to help you complete the survey.
- You do not have to take the survey.
- You do not have to answer every question.
- Your responses will be anonymous. This means we will not ask for your name or share your personal information.

Thank you for taking the time to share your opinions.
