

## My Transition Support Network

**Shared Responsibility:** To bridge between educational and agency services available to students. We inform each other about shared opportunities and agency specific requirements, and ultimately how we can collaborate for the benefit of each student.

	<b>Your Team</b>	<b>Typical Ways This Person Supports</b>
<b>Local Core Team</b>	School Administrator	In YTP, people often ask, “who is my supervisor?”. Because you are an employee of the school district, your school admin are your supervisors. They are there to support you and implementing the program per contract stipulations.
	Special Educator Teachers/School Counselors	Are the drivers for educational services, IEPs and 504 plans. It is important you have strong relationships with them and help to facilitate those relationships between the school teams and your VRC/s.
	Vocational Rehabilitation Counselor	Holds primary responsibility for VR eligibility and plan services. Are your go-to for very local topics: addressing specific student needs, your team’s system of referral, etc. Collaborate with school partners to build relationships with students and families. With permission, can attend meetings of students who are applying for or eligible for VR.
<b>Statewide Team</b>	YTP Coordinator	VR lead for YTP statewide. Supports all things YTP budget and contract: allowable spending questions, budget and contract amendments. Can help to problem solve systemic issues when other avenues have not worked.
	Pre-ETS Program Coordinator	VR lead for RFA Summer Work Experiences statewide. Supports all things RFA budget and contract: allowable spending questions, budget and contract amendments. Can help to problem solve systemic issues when other avenues have not worked.
	VR Youth Data Coordinator	Supports Pre-ETS data collection and reporting and other forthcoming measures identified in our shared contracts. Provides training and resources for data tracking, accurate data entry, and web access once VR is hosting the web services come July 2023.
<b>Regional Team</b>	VR Pre-ETS Coordinator	Regional lead on all things VR Youth Services, including YTP until new positions are hired. Should be your primary contact for the most current VR information. They collaborate with school and workforce partners to coordinate provision of Pre-ETS regionally, with permission attend IEP meetings as a representative of VR, conduct training and outreach through a variety of methods, and also provide direct Pre-ETS to potentially eligible students.
	Transition Network Facilitator (TNF)	Regional lead on educational transition services. Provides training and support for teachers, administrators, and agency partners. Coordinates regional events and has a good library of resources which they can help tailor to your individual students’ needs. They provide information and referral to regional resources, and in collaboration with Pre-ETS Coordinators, assist in coordination of Pre-ETS.
	TNF / Pre-ETS Support Specialist	This team does a little bit of everything. They support TNFs and Pre-ETS Coordinators in everything listed above by providing direct service to students, providing workshops, hosting industry tours, teaming with YTP TSs for special events, and more.

## My Transition Support Network
