

SECTION 00610 - RECONDITIONING EXISTING ROADWAY

(Follow all instructions and make all edits with “Track Changes” turned on. If there are no instructions [purple text] above a subsection, paragraph, sentence, or bullet, then include it in the project. Delete all purple text before preparing the final document. All other modifications to this Section will require ODOT Technical Resource and State Specifications Engineer approval.)

Comply with Section 00610 of the Standard Specifications modified as follows:-

00610.00 Scope - Replace this subsection, except for the subsection number and title, with the following:

This Work consists of reconditioning and preparing existing Subgrades, Bases, Surfacing and Pavements where an additional layer or Course of Material is to be placed, under the Contract. The Work includes existing Shoulders, cut ditches, road connections, approach roads, ramps, bridge decks if not provided for elsewhere, and other Roadbed areas where construction Work under the Contract is to be performed.
