What is Coffee Creek Contractor Day?

ODOT, in partnership with Baker Technical Institute and Oregon Department of Corrections, invites industry partners to observe graduates from the Coffee Creek Heavy Highway Workforce Development Program as they show their skills. These apprentices received training and certifications in highway construction, including operating heavy equipment such as graders, loaders, dozers, excavators, backhoes, haul trucks, and more. Join us for this unique opportunity to meet, recruit, and employ a diverse and skilled construction workforce.

Certifications and Training

- Heavy Equipment Simulator
- ODOT Traffic Control Flagger
- Forklift
- Construction First Aid/CPR/AED
- Trenching and Shoring Safety
- Heavy Equipment Land Lab: Level One Operator
- Career-Ready Skills: Resumes, interviewing, expectations, and more
