

# Emerging Small Business (ESB)

Assist small businesses in overcoming barriers to participation in Oregon's public contracting process

# Emerging Small Business

---

- ESBs are certified by COBID
- Two-Tier System
- Specific Projects are limited to ESB bidding only

# ESB Project Delivery

---

- Statutorily mandated set-aside for exclusive bidding by ESB certified firms
- Current Biennium (2019-21) budget is \$10 million
- Split between ODOT's 5 Regions, Facilities, and Supportive Services

# ESB Project Delivery

---

## *ESB Program Specifics*

- All ODOT ESB projects posted on ORPIN (Search 'ESB')
- Contracts, by law, may not exceed \$100k
- Bonds not required on public improvements up to \$100K
- On public improvements, 51% of the labor must be performed by ESB prime contractor's own workforce reflected in certified payrolls.

# Aspirational Targets

---

- State-funded projects (receive **no federal** funding)
- Aspirational Targets:
  - State funded Architecture and Engineering (A&E) and Related Services and non-A&E contracts exceeding \$100,000 will receive the agency's standard Aspirational Target (numerical percentage of the contract value) in place at the time of solicitation or contract execution
  - State funded construction contracts exceeding \$1,000,000 will be evaluated for assignment of Aspirational Targets

# Supportive Services

---

Office of Civil Rights receives funds to provide services to support Oregon's small businesses to contract on all types of ODOT projects

- Small Business Management Courses, trainings, educational opportunities
- Stakeholder Partnerships (OAME, NAMC, PBDG, etc.)
- Outreach and networking
- OCR Equity Line Newsletter
