APOST= AWP One Source of Truth

- One data entry point, many uses
“Collect once and use many”
- A unified database to simplify and standardize reporting
- Data from Pre-construction – Final Acceptance
- Remove technical debt and prepare to meet the needs of ODOT now and in the future.

4

4

What does this mean for our Construction Crews?

- AWP is being implemented for **new projects only** (no historical data)
- Spec changes and special provisions 170.09
- Work happens in AWP and Doc Express
- Contractor/Subcontractors/Technicians add data to AWP
- Training

5

Super User, Ambassador, and Ace Who is this in your office?

Characteristics for a Super User:

- Confident early adopter/enthusiastic about the system (not necessarily IT experts)
- Open-minded and ready for change
- Responsible and willing to lose face (never faith)
- Positive social capital
- Patient with others, eager to learn
- Thrives teaching teammates new things
- Act as change agent
