

Approved Wood Treating Companies

The following companies have been evaluated by Oregon Department of Transportation personnel and have been determined to provide preservative treated guardrail posts and blocks that comply with Section 02190. Guardrail posts and blocks from these companies may be used on construction or maintenance projects upon receipt of documentation of treatment from the company and visual determination that the product is stamped with the company's identification marks.

Company	Product Stamp	Example
All Weather Wood, LLC Plant #572	AWC year	AWC 14
Conrad Forest Products, North Bend	CFP NB year	CFP NB 14
Exterior Wood, Washougal, WA	EWT year	EWT 14
Hoover Treated Wood Products, Winston	HT month year	HT 10 14
Superior Wood Treating, Sumner, WA	SWT year	SWT 15

Other companies may be evaluated in the future and may be added to the above list. During the evaluation process, these companies will be listed below. Treated products from companies being evaluated for a list approval will be inspected on a per job basis by ODOT personnel and will be marked with a "Circle S" (a capital "S" inside a circle) stamp. Any questions about treatment company approval should be directed to the Structure Services Engineer at 503-986-3056.
