(Submit a separate request for each category proposed)

I hereby request that the above product be moved from the Conditionally Approved List to the Qualified Products List. I certify that the subject product has not changed since its original submittal to your office. It is materially the same product, with the exact formula, composition, manufacturing location and process. I further certify that I am the authorized representative, and the test data supplied in the past still accurately represents the product and that it is still applicable for the category being reviewed for. I will keep you updated on all future changes. I understand and support the proposed use of this product for this category. If I have any questions about my submittal, ODOT's requirements, or the use of my product, I will contact ODOT. I will not allow my product to be utilized in an inappropriate application or allow improper installation.

I have attached copies of the updated Preliminary Information for Product Evaluation (PIPE), current Test Reports, Brochures, and Material Safety Data Sheets (MSDS's). I have also attached a list of the projects in Oregon that has used this product for this specific category.
