

There are currently no openings for CDL Testing Contractors. You can sign up to receive alerts for future contract openings through [OregonBuys](#). Registration is free. Any entities wishing to submit a proposal at that time must be registered.

If you are interested and want to find out if you are qualified, the applicable federal regulations can be found [here](#). There will be additional qualification requirements, which will be stated at that time.

Federal regulations provide a foundation for what is required of CDL third-party testing businesses.

If you are new to Oregon public procurement or would like training or assistance with how to successfully compete in the government marketplace, the [Government Contract Assistance Program](#) has free tools available.

If you have questions related to the CDL Testing Program, its regulations, or the process by which you can become a third-party tester, contact the DMV Third Party Programs Compliance Coordinator by phone at (503) 945-6031, or by email at Wade.E.Braziel@Odot.Oregon.Gov
