

# Convictions Recorded by DMV

DMV maintains driving records of convictions to comply with federal regulations or provisions of the vehicle code. In 2019, Senate Bill 57 amended statute to allow DMV to determine by rule what driver related convictions and judgments will be recorded on a person's driving record. (Oregon Administrative Rule ([OAR 735-010-0110](#))(4))

Convictions include:

- Traffic crime;
- A crime that involves the operation of a motor vehicle if that offense results in suspension or revocation of driving privileges;
- A traffic violation that leads to suspension of privileges; and
- An offense described in [OAR 735-064-0220](#).

Types of offense convictions that DMV does not record include bicycle (except DUII), parking, Fish & Wildlife, marine, and Tri-Met.

The list below includes most offense convictions recorded but may not include every conviction.
