

DMV, how do I **renew my vehicle registration** online?

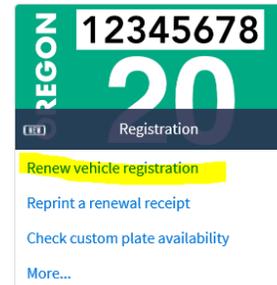

Most vehicle registrations are eligible for online renewal and it is quick and easy to do at DMV2U.

What you'll need:

- Your DMV registration renewal application form that was sent to your address on file
- Your vehicle insurance information (if applicable)
- Your payment information (major credit or debit card)

Follow these easy steps:

1. Go to dmv2u.oregon.gov.
2. Click on **Renew vehicle registration** in the registration section of the page (see example).
3. After you have read the information, click the box that says **I'm not a robot**.
4. To ensure you are a real person, you may be asked to select all the photos containing a certain object—a traffic signal for example. After choosing all the photos containing the requested object, click **Verify**.
5. You may need to select the photos, or new photos, more than once. When the correct selections have been made, click **Next** at the bottom right corner.
6. Enter your **Plate Number**, **Title Number** and **Renewal Code** as they appear on the paper work you received in the mail from DMV (see example). Click **Next** when you are ready to proceed.
7. Enter your **insurance company** and **policy number**. Click **Next**.
8. You will have an opportunity to get new plates or keep your existing plates. Make your choice and click **Next**.
