Disclaimer: A higher number of crashes may be reported as of 2011 compared to prior years. This does not necessarily reflect an increase in annual crashes. The higher numbers may result, in part, from a change to an internal departmental process that allows the Crash Analysis and Reporting Unit to add previously unavailable, non-fatal crash reports to the annual data file. Please be aware of this change when comparing pre-2011 crash statistics. For other important disclaimers regarding the use and interpretation of ODOT crash data, please visit ODOT's Crash Statistics and Reports web page, and click "Crash Data Disclaimers" , located under the Additional Links section.
